CAUSA LATET

Membership in Alpha Sigma Phi Fraternity is a privilege granted on invitation by the members to a man who is personally, intellectually, and socially compatible with the members of the Fraternity, and thereby worthy of the heritage of Alpha Sigma Phi.

Membership is not in a chapter but in the Fraternity itself, and consequently a Brother enjoys the privileges and hospitality of any chapter he may visit.

Alpha Sigma Phi Fraternity is proud of its century old tradition and practice allowing a Brother who transfers from one college to another the privilege of affiliating with the chapter at his new campus thereby granting him the rights and privileges of the chapter.

The fellowship of every alumni council across the nation is extended to a member of the Fraternity from any chapter, again affirming the compatibility of membership in Alpha Sigma Phi.

Thus each chapter has an obligation to every other chapter, as well as to every member of the Fraternity, to select gentlemen worthy of the name of Alpha Phi Fraternity.

Recognizing that orientation to fraternity life should be as easy and natural as orientation to college life, nearly all chapters select their members in the fall when the freshmen enter college.

In order to perpetuate the traditions of the Fraternity, and to assist the chapters in the selection of future Brothers, all members of the Fraternity are requested to send the names of prospective pledges to the Fraternity Office, which will forward the names to the proper chapter rush chairman.

Convention programs and badges from past years bring back memories of previous sessions and the good times of those who attended. Backed by the tradition of former years, another great event is in store for those who read the program and wear the convention badge in 1954.

- 10:30 A.M.—Committee Reports
- 1:00 P.M.—Luncheon
- 2:00 P.M.—Open discussion
- 4:00 P.M.—Resolutions
- Election of Grand Council and Grand Officers
- 7:00 P.M.—Convention Banquet

1954 Convention at Gratiot Inn

Port Huron, Michigan

September 8-11, 1954

Registration for the Twenty-Third Fraternity Convention of Alpha Sigma Phi will be at 10:00 A.M. on Wednesday, September 8, and all official delegates are expected to be registered at the Convention Headquarters in the Gratiot Inn, Port Huron, Michigan by 1:00 P.M., as the first scheduled event of the four day sessions will be the luncheon on Wednesday. Brother Lloyd S. Cochran, Past Grand Senior President of Alpha Sigma Phi and Chairman of the National Interfraternity Conference, will be the featured luncheon speaker.

Leadership School

His address on the qualities of leadership will provide the keynote for the Leadership School portion of the Convention. As in the past, the Leadership sessions will be devoted to effective methods of coping with the complex problems of all phases of chapter operation and administration, including such major items as Chapter organization, Scholarship, Rushing, Pledge Training, and Chapter Finance.

The afternoon meeting on Wednesday will be devoted to the structure of effective chapter organization as set up in the Constitution, By Laws, and Rituals of the Fraternity, and responsibilities in all phases of activity will be carefully defined, with recommendations for more effective use of chapter manpower. A discussion of Chapter Finance will cover the remaining portion of the afternoon.

The subject for the dinner speaker on Wednesday evening will be Scholarship and its relation to the fraternity man and the chapter. The planned part of the evening will end with the traditional Song Fest in which all the undergraduates, alumni, and their wives will participate.

But perhaps the greatest effectiveness of a convention comes from the unplanned sessions, the informal get togethers, and

informal discussions lasting until the small hours of the morning. For it is in these discussions that alumni and undergraduate Brothers alike find that although our chapters are spread from coast to coast, and although our campuses differ greatly in scope and size, we as members of Alpha Sigma Phi have had like experiences and have similar interests — all within and because of the framework provided by the Mystic Circle of Alpha Sigma Phi. If past conventions can be used as guides, hours of sleep will be given up for minutes of mutual associations with our Brothers, and the chances of seeing a sunrise or two are pretty good for the average convention Alpha Sig.

Although the hour of eight somehow gets earlier as the convention progresses, it is a Cardinal Principle of an Alpha Sig Convention that every delegate be on the floor for the morning Roll Call — the excuse of lack of sleep somehow doesn't carry any weight with the assemblage.

The Thursday morning discussions are on two of the most important phases of chapter operation, Rushing and Pledge Training. Here there will be an opportunity to pool the valuable experiences and techniques that have proven successful in their use by the chapters across the nation.

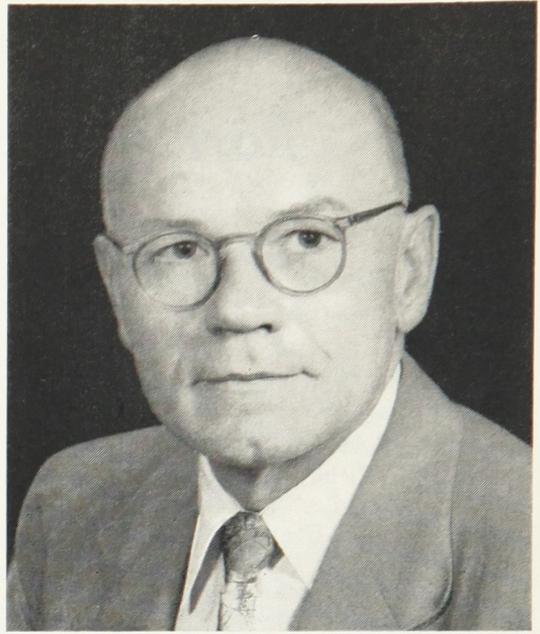

After luncheon at 1:00 P.M. the afternoon will be free for golf, swimming, boating, tennis, water skiing, or just relaxing, as the facilities at the Inn and nearby provide all of the above.

Dinner will be followed at 8:00 P.M. by the formal opening of the major business portion of the Convention by Grand Senior President Hugh M. Hart. This will include the Grand Council Procession after which the Reports of the officers of the Fraternity and of the Grand Council will be given.

The Friday morning meeting will be concerned with the matter of Chapter Housing,

Past Grand Senior President Lloyd S. Cochran
Omicron '20

Grand Senior President Hugh M. Hart
Alpha Nu '26

with the last half of the morning left for Open Discussion. It will be during this time that any member of the Fraternity may bring to the floor any items of business or discussions which have not been adequately provided for in the program of the Convention. The afternoon will again be free followed by dinner at 6:30. There will be an evening business session.

The next day, Saturday, will cover Extension, Committee Reports, and again provide adequate time for Open Discussion of matters of interest. The final item of business will be the election of the Grand Council and the Grand Officers of the Fraternity.

The highlight of the four day meetings will be the Convention Banquet on Saturday evening, with prominent speakers and a thrilling program.

Grand Council Meetings

The Grand Council will meet twice during the week of the Convention, first during the afternoon and evening of Tuesday, September 7th, and again immediately following the Convention at the call of the Grand Senior President.

Attendance

Delegates from all the undergraduate Chapters throughout the country and from Chartered Alumni Councils will participate in the activities of the Convention. All undergraduate Brothers, whether or not they are official delegates, are cordially invited and heartily urged to attend the

convention, as are all alumni Brothers and their wives. All Brothers, even though they are not official delegates, have the right of the floor, although voting is of course restricted to the official delegates.

Convention Chairman Thomas L. Conlon, Theta '25 and Vice Chairman Edward C. Bailey, Jr., Beta Tau '40 are completing plans to make this Convention one long to be remembered by the undergraduate and alumni Brothers of the Fraternity.

From all indications the undergraduate attendance will be one of the highest in the history of the Fraternity for most Chapters are sending several men. Alumni attendance, likewise, appears to be record breaking.

Rates and Reservations

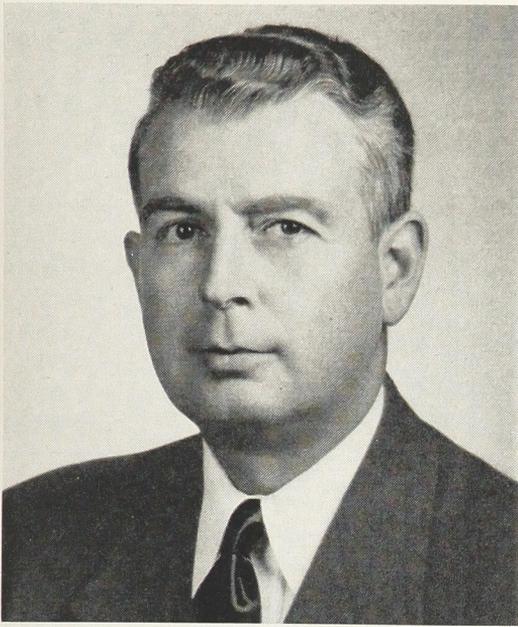

The Fraternity Office will make reservations for the official undergraduate delegates only.

How To Get To Port Huron

By Plane—take plane to Willow Run Airport, Detroit, take airport limousine to Greyhound Bus Terminal in downtown Detroit, take Greyhound Bus to Port Huron.

By Train—take train to Detroit, take bus from Greyhound Bus Terminal in downtown Detroit to Port Huron.

By Car—consult your map — you're on your own.

Grand Junior President Emmett B. Hayes
Tau '31

Past Grand Senior President W. H. Cramblet
Alpha '12

All other undergraduates and all alumni are requested to make their reservations directly with the Gratiot Inn, Port Huron, Michigan.

Rates will be on the American Plan, thereby including meals. Twin bedded room rates are \$13.20 per person per day, including gratuity. For an additional person in the room, the rate will be \$8.80, including gratuity.

For example, a non-delegate undergraduate may attend the Convention, and may be placed in a room with two official delegates, and the charge to him would be merely \$8.80 per day, including meals.

Or, if three non-delegates share one room and divide the cost equally, the expense to each man will be \$11.75 per day. If four men share a room and divide the cost equally, the cost per man will be \$11.00 per day.

Of course, the room and board expenses for the official undergraduate delegate from each chapter will be borne by the Fraternity.

Adequate tourist accommodations can be secured in the Inn area and reservations for these should be made by the individuals desiring them on arrival. A list of available accommodations will be on hand at the Convention Headquarters.

You can not afford to miss this great event — if you've attended an Alpha Sig Convention before, then you know what a marvelous experience it is — if you haven't

had the opportunity to attend the Fraternity Convention in the past, be good to yourself and treat yourself to four days on the shores of Lake Huron on September 8, 9, 10, and 11 along with a few hundred other Sigs.

Watching Charles J. Fox, Iota '09, lighting the Iota mortgage are Claude F. Williams '12, Gerald Balcar '51, John Van Aken '37, Francis J. Boland '42, and H.S.P. Robert Dunbar '50.

An Iota for Iota Pays Off

by *George R. Bradley, H.A.E.*

With the phrase "An Iota for Iota", the Cornell alumni started their campaign in the fall of 1946 to remove the second mortgage bond issue of forty thousand dollars on Rockledge, the Sig home in Ithaca.

On May 1st, Iota cremated its second mortgage which was taken out in 1925. The mortgage, in the form of 5% bonds and worth the sum total of \$32,500 was used to furnish many new additions to the Chapter. Among these were some fifteen single rooms, the lower lounge, and two bathrooms. Some of the more prominent names connected with the sale of the original bond issue were Henry "Bunk" Glathe '18, Claude F. Williams '12, Steve Toadvine '19, who at that time was Secretary-Treasurer, and the late Dean Wiggins '17, President of the Corporation.

The issue was retired by call on July 1, 1953, with approximately \$40,000 of the issue being retired in the years 1946-1952. The leaders of the movement were Francis

J. "Zip" Boland '42, Joe Minogue '46, newly-elected Corporation President, Bob Redwood '42, Frank Carney '42, Wade C. "Rocky" Johnson '41, and Dr. John Van Aken '37, to whom Iota owes an inexpressible amount of gratitude for his indefatigable work in securing the names of the owners of the bonds and in seeing that they were properly remunerated.

During the burning, Bob Dunbar '50, H.S.P., presided as Master of Ceremonies; other undergraduate officers present were Gerry Balcar '51, Corporation Vice President, and Craig Comstock '52, Corporation Secretary, along with our special guest, Charles J. "Bushey" Fox '09, charter member of Iota Chapter. Among the principal speakers were Corporation President "Zip"

Boland, who presented a brief outline of the campaign used in securing the bonds, and T. B. Maxfield, CPA, whose talk dealt with the financial consequences of deferred rushing combined with contract eating, and just how they could be expected to affect the fraternal system at Cornell.

When the time came to commence with the burning, John Van Aken lit the torch which was held by Claude F. Williams. Brother Williams then passed it to "Bush-ey" Fox who ignited the indenture and thus ended the physical part of the ceremony, although the memory of the occasion will remain in the minds of the men of Iota for many years to come.

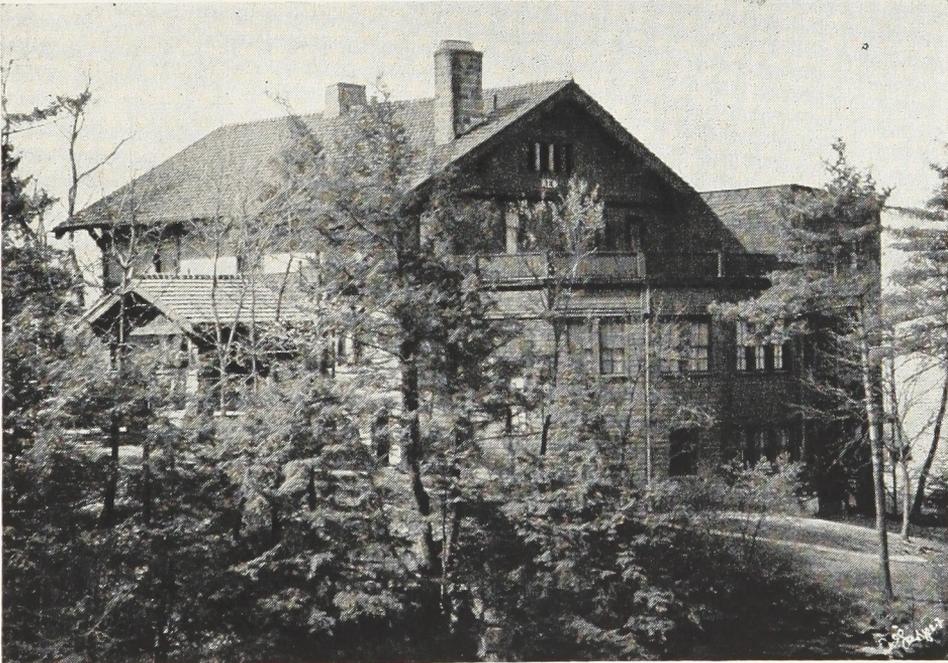

At the Board Meeting later that evening, Frank Carney and Rocky Johnson were elected to the Board for three-year terms. Elected from the undergraduates were Craig Comstock as Vice President and John E. Feldmann '53 as Secretary. Vincent Schwingle '21, was elected as the new Treasurer, and Joe Minogue will be the new President of the Corporation. Also at the meeting, a total of \$1,900 was appropriated for capital improvements this summer. This sum, plus the fact that the Brothers are coming back a week ahead of time to do some painting, will put the house in top shape for this fall.

Moving on to some of the other functions which have occurred this spring, two men,

John Beltz and Tom Demetrops, were secured as our spring pledges. At a Chapter Meeting in May, the following officers were elected for this coming fall semester: H.S.P. John Alden, H.J.P. Jim Hamill, H.E. Pat Callahan, H.M. Don Dresser, H.S. William Walker, H.C.S. Dave Andrew, and H.A.E. George Bradley.

On the sporting side of activities, Iota has made its attack felt on many fronts. The basketball team went on to cop the league this spring, and once again in March and April, the Sigs struck, racking up the league in volleyball. The softball team, in the process of rebuilding due to graduation losses swept its last three games while dropping the first two, one of them being a pitching duel in which Iota came out on the lower end of a 2-1 score. Once again the Old Gal's name will be right up there.

Finally, turning to our social functions this spring, a Shipwreck Party in April plus a gala Spring Week-end Party have spotlighted our social calendar. In March, a large number of couples enjoyed a cocktail party and dinner with the feature of the evening being the Heptagonal Track meet. An exchange dinner and a "blast" after the bond burning filled in the rest of our calendar, which featured a party every three weeks this spring.

Rockledge, the Alpha Sigma Phi Fraternity home at Cornell University, has living accommodations for 31 men and dining room facilities for 48 men. Iota Chapter has initiated 572 men into the Fraternity since it was chartered on March 26, 1909.

Beta Iota alumni gathered at the Sig Bust to honor Brother Harry Arlanson, first H.S.P. of Beta Iota and newly appointed head football coach at Tufts.

Tufts Honors New Coach

by Ivan H. Enstrom, Jr., H.A.E.

Beta Iota held its first annual "Sig Bust" on March 17, St. Patrick's Day, to become better acquainted with its alumni and to express its gratitude for the financial assistance which they, through the Alumni Corporation, have given us.

The evening began with a cocktail hour, during which the undergraduates exchanged stories with the alumni, taking second place in the tall-story department. The alumni showed that their conditioned reflexes had survived the years, for, when the traditional dinner bell rang in the dining room, the undergraduates again placed second. The alumni did justice to the dinner which was served buffet style. Each and every one of them renewed acquaintances with Parker Green, who has served as chef for the past eight years.

After dinner, the highlight of the evening was a speech by Harry Arlanson, the first H.S.P. of Beta Iota Chapter, who spoke of the future athletic policies of the College, and reminisced about his college days. Brother Arlanson, a noted Tufts alumnus,

has made a name for himself as one of the most successful high school football coaches in the nation. He is returning to the Hill as the Head Coach of the Jumbo football team and Athletic Director of the College. His return to Tufts initiates a revision in the sports department of Tufts College. His eighteen-year high school won-lost record of 135-19 and ten ties won national recognition.

Arlanson graduated from the Engineering School at Tufts College with the class of 1931. He captained the varsity football team in his senior year, and the baseball team both junior and senior years. Brother Arlanson played three years as a varsity end on the Brown and Blue football squads and was a top catcher in baseball. Just recently he was named an end on the All-Time All-Tufts football eleven. During his undergraduate years he never played on a losing Tufts College athletic squad.

In 1935 he began his long and successful career at Weymouth High. Except for two and a half years service in the Navy as a

Brother Harry Arlanson, newly appointed Tufts football coach. At the top, right, H.S.P. Dave Gregg greeting Alumni President William R. Ward as Province Chief Charles E. Megargel, Upsilon '22, looks on. Center, right, Bill Ward presenting the alumni scholarship to Art Nichol森 as members of the Alumni Board of Directors wait to congratulate the recipient. The next picture, left to right, Robert Lybeck, Delta Beta Xi; Charles E. Megargel, Delta Beta Xi; Sam Ruggeri, Tufts wrestling coach; Harry Arlanson, Alumni President Bill Ward; and H.S.P. Dave Gregg.

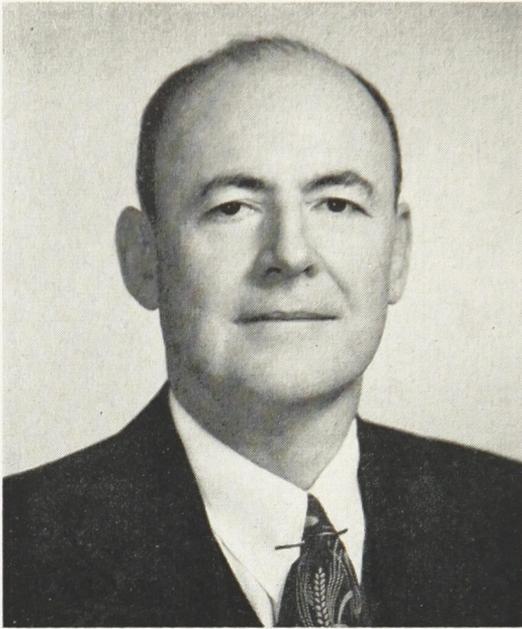

Lieutenant during World War II, he has been coaching football at Weymouth High. In his eighteen years at the helm of the Weymouth football eleven his teams have enjoyed eight undefeated seasons.

Look magazine had a five-page spread and story on Coach Arlanson and his successful teams. With this past, Tufts anticipates a new era in its athletic program under his direction.

After Brother Arlanson's speech, Bill Ward, President of the Alumni Corporation, presented Art Nicholson '53 with their Annual Scholarship. This Award is made to an undergraduate on the basis of the individual's scholastic achievement, his contributions to the Fraternity, and his need. The donations of the alumni make this scholarship possible, along with various house improvements.

At present, the Corporation is conducting a drive among the alumni to renew interest in the Fraternity. If the friendly spirit shown at the "Sig Bust" is any indication, Beta Iota may look forward to a bright future.

Ralph Gwin Follis, University of California, Nu '19, has headed since 1950, as chairman of the board, one of this country's largest companies, Standard Oil of California. A respected member of the petroleum industry, Brother Follis is acknowledged as an outstanding manufacturing executive.

A Summer Job "Strikes Oil"

The retiring H.S.P. that year, but still a most active and effective "rusher," was Brother Frank Foli Hargear, Nu '16, Grand Marshal of the Fraternity and vice-president of the Los Angeles Stock Exchange.

A tireless and perennial member of the Prudential Committee in those years was Brother Paul Lewis Davies, Nu '17, president of the Food Machinery Corporation.

A fellow freshman, initiated in the preceding semester, was Brother Miles F. York, now president of the Atlantic Companies, insurance.

Small wonder that a college freshman would be favorably persuaded by such staunch and capable fraternity men and others of their calibre. The undergraduate successes of those men presaged later prominence in the business world, and a college freshman could not help but be touched and inspired by that influence.

The Horatio Alger-ism of another decade would almost suggest that the most certain road to the Presidency is via a humble log-cabin birth; the most likely path to the top position in a large oil company is by way of dirty hands and oily clothes.

Surprisingly, on occasion, prominent examples of that thesis come to hand. Take, for example, the boy who works summers in the oil fields. Admittedly, most end up in occupations far removed from summer "pin money" employments. But at least one of their band, Brother R. G. Follis, has built upon that summer "vacation" record as a rotary helper in the oil fields of the Standard Oil Company of California and is today chairman of the board of that almost earth-circling organization.

Any honest success story, of course, rests heavily on a marked ability and a strong background in a given field, and it should not be suggested in this case that Brother Follis changed overnight from field laborer to chairman of the board through the merits of Lava soap.

Brother Follis was well-trained and experienced in the elements of success. Certainly when he pledged and was initiated into Nu Chapter in August of 1919, he found himself in "good company," in an atmosphere that predicted of future accomplishment. The H.M. for that initiation, and later H.S.P. of the Chapter, was Brother James Edward Drew, Nu '16, now Public Relations Director for Lever Brothers.

Brother and Mrs. Follis officiate at the launching of the firm's tanker, R. G. Follis, in 1946.

Our undergraduate "claim" to Brother Follis rests on his two years at the University of California as a student in mining, for in the fall of 1921 he entered Princeton University, from which he was graduated in 1924 with a major in physics and geology.

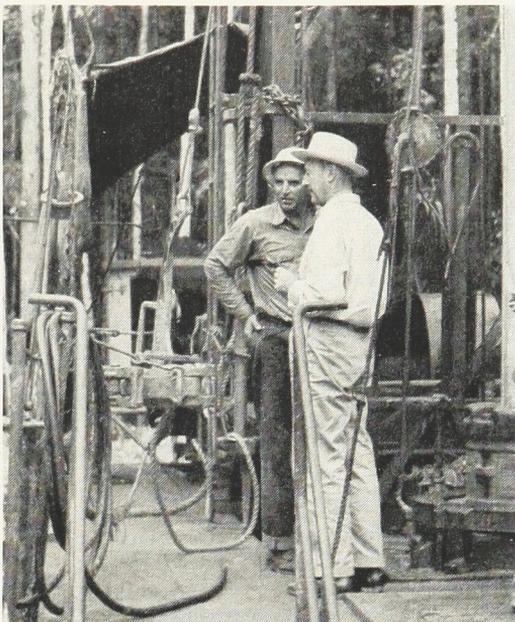

He joined Standard on a full-time basis after his graduation and his progress in the company was steady and marked while providing a rich background in the multifarious operations of the organization.

Starting as an engineering helper, he was successively a crude still operator, a specialist in the research department, refinery superintendent, cracking plants manager, and manufacturing department manager. Then in 1942 he was made a director of the company and in the same year, a vice-president. In 1945 he was elected president, vice-chairman of the board in 1948, and chairman in 1950.

Those are the bare biographical facts in the "Standard" life of R. G. Follis. They do not, however, totally indicate his influence on the industry or the respect in which he is held.

Acknowledged to be an outstanding manufacturing executive by the industry, Brother Follis serves as vice-chairman of the National Petroleum Council and as a director of the American Petroleum Institute and the Stanford Research Institute.

He also serves as a director of the Pacific

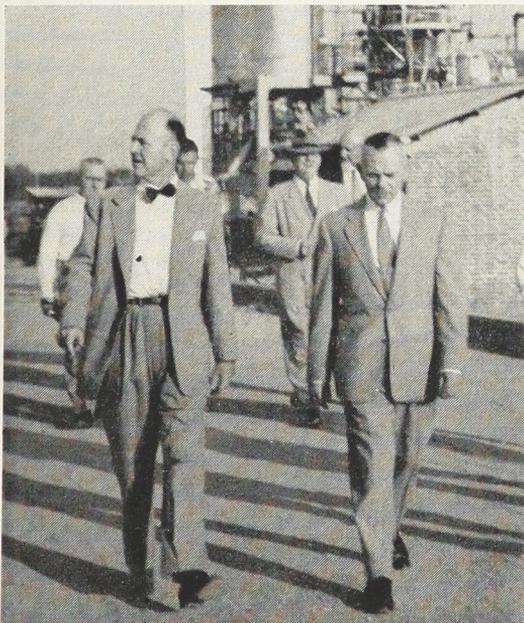

On a tour of the company's Indonesian interests, Follis (right) inspects a drilling rig in Sumatra.

Public Service Company, the Crocker First National Bank of San Francisco, and the National City Bank of New York. He is regional vice-president of the National Association of Manufacturers, vice-chairman of the National Industrial Conference Board, and a trustee of the United States Council of the International Chamber of Commerce.

In recent years Brother Follis has been particularly active in the management of Standard's foreign interests. He is a director and vice-chairman of the board of Arabian American Oil Company and chairman and director of Trans-Arabian Pipe Line Company.

He has also played an active role in the development of the company's research facilities. He was instrumental in the formation of California Research Corporation, which centralized all of Standard's research operations into one organization, and became first chairman of the Cal Research Board.

A frequent traveler and a tireless worker in the field and in his many other professional responsibilities, Brother Follis finds relaxation in sailing, hunting, fishing and music. In connection with the latter, he has received widespread credit for the success of "The Standard Hour," the company's radio program which is rated among the West's outstanding radio features.

In Italy, Brother Follis (left) inspected a refinery jointly owned by Standard and The Texas Co.

Robert L. Howsam, University of Colorado, Pi '38, has, as General Manager, led the Denver Bears to a record which is the envy of the minor leagues. Nationally recognized as a top baseball executive, he has been honored locally for his outstanding record of service to sports.

Front Office

All-Star

The "National Pastime" has long been the special delight of the "Figger-Filberts", and any real devotee of the game can rattle off batting averages and home run records from the year A.D. 1.

What better time then to talk baseball shop, especially in terms of some pretty happy figures for the Denver Bears of the Western League — and especially when those "golden" Bears are to the special credit of a Brother Sig!

Yes, hard-working Bob Howsam, the genial general manager of the Denver Bears, must take the lion's share of the credit for lifting the club's baseball fortunes to their present high level.

When the Western League was reorganized in 1947, after an absence of 14 years, Denver was represented by a club under local ownership with a working agreement with the New York Yankees. With a fifth-place club attendance was poor, and that partnership sold out to the Howsams—Bob, his father, and brother, Earl—before the 1948 season.

Bob took over the president's post in 1949 and since has guided the Grizzlies to three second place finishes and a 1952 championship—the club's first in 39 years—over a five year stretch.

During the period of Bob's leadership the club's cash registers have beat a merry tune at least in time with the team's won-and-lost record. The Bears first set an all-time Class A attendance record in 1949 and then captured the minor leagues attend-

ance record in 1952. Denver also leads all minor league cities in total attendance for the period from 1949 through 1953.

After the successful 1951 season, *The Sporting News*, generally considered the bible of baseball, named Brother Howsam the outstanding minor league executive of the year.

The 35-year-old dynamo was born right in Denver, but moved with his parents to the San Luis Valley in southern Colorado in his early childhood. A three-year athletic star in high school, he was twice named to the all-conference and all-San Luis Valley basketball squads.

Entering the University of Colorado in the fall of 1936, he pledged Alpha Sigma Phi while another Howsam, his brother Earl, Pi '34, was H.S.P. of the Chapter. After the war Bob was for a time the administrative assistant to Senator Edwin C. Johnson who doubles as president of the Western League.

In 1947 Bob Howsam became the Western League's first executive secretary, serving until taking charge of the Bears. And who was selected to become administrative assistant to Senator Johnson? Why, another Sig, Brother Earl Howsam.

Extremely active in civic affairs, Bob was named as one of Colorado's five outstanding young men in 1951 and as Denver's young man of the year in 1952.

Married and the father of two budding young athletes, Bob Howsam is not content to sit back in his office and let his staff scout up baseball prospects. Included in his scouting missions were two trips to Panama and his efforts produced several Bear stars, including Curt Roberts now with the Pittsburgh Pirates, as well as other climbing aspirants now in lower classification ball.

Small wonder the Denver Bears are the talk of baseball! And, by the way, the last time we checked the standings, the Bears were still on top!

Harold C. Mueller, Illinois Institute of Technology, Alpha Xi '23, has served since 1945 as president and general manager of the Powers Regulator Company, manufacturers of automatic temperature and humidity controls, with 48 branch offices in the United States and with offices and representatives in 21 foreign countries.

Air-Conditioned Dynamo

The spirit and determination which have assisted Brother Harold C. Mueller throughout his business life were undoubtedly with him during his collegiate days. He entered Armour Institute of Technology, now Illinois Institute of Technology, in 1921 on a scholarship from Evanston, Illinois, High School.

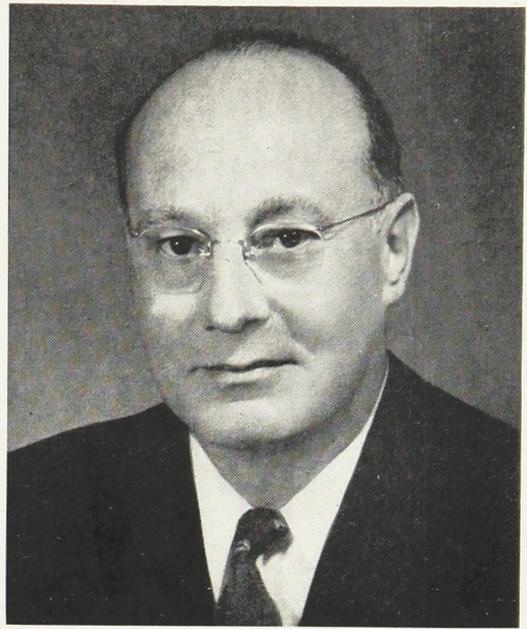

Holding a job with the Telephone Company at night and going to college during the day proved to be hard work for a struggling engineering student. However, Brother Mueller found time for social and extra-curricular activity as well. He was photographic editor of the yearbook and a member of Pi Delta Epsilon, national journalism fraternity, as well as being associated with the American Society of Mechanical Engineers.

Brother Mueller also believed in fraternity membership and crowded an active four-year Chapter career into an exacting schedule, his ability and interest being recognized by his election as treasurer and later as president of the Chapter.

He has always felt that his fraternity experience has stood him in good stead: "My experience through my fraternity association was more beneficial in business than any of my courses in school."

Graduating in 1926 with a Bachelor of Science degree, and fortified with the "tools" supplied by his fraternity activity and a high scholastic standing, which earned him membership in Pi Tau Sigma, national honorary mechanical engineering fraternity, Brother Mueller entered upon his career with the Powers Regulator Company.

He was destined for a great future and a meteoric rise when he accepted that first job as sales engineer at the modest rate of forty cents an hour. He later gained a sales position and then was placed in charge of the contract division. In 1928 he was elected a director of the company and in 1945 was elected president and gen-

eral manager. This stimulating success story was written in a mere 19 years, outstanding recognition in an important industry.

Fortunately for Alpha Sigma Phi his many new responsibilities have not crowded out his interest in his Fraternity. Today he serves as a member of the Alumni Board of Directors of Alpha Xi Chapter and is a Life Contributor to the Reserve Fund of the Fraternity.

A huge new Powers Regulator plant was recently completed in Skokie, Illinois, home office of the company, and, by act of fraternal coincidence, the general contractor for the structure was Brother Edward H. Marhoefer, Alpha Xi '23, a very good friend of Brother Mueller and fellow initiate.

As further evidence of fraternal association in the business world, a third Alpha Sig entered the picture concerning Lever House, designed by the architectural firm of Skidmore, Owings and Brother John O. Merrill, Kappa '15. When Brother Ed Drew, Nu '16, directs public relations for Lever Brothers from his air-cooled office, he can thank Brother Mueller whose company was awarded the air conditioning control contract.

Powers Regulator Company has equipped many famous buildings including the United States Capitol, the United Nations, Madison Square Garden, and many more; a fitting tribute to another outstanding Sig, Harold C. Mueller.

Members of the Alpha Sig group at the University of Arizona are, left to right, first row: Treasurer J. L. Barber, Secretary Richard Moe, President Robert Beck, Vice President Dan Medigovich, and Social Chairman Don Haynes; second row, Tom Helms, Chester Champion, Fred Gibb, John Nelson, Frank Lester, and Max Hillyard. At right, the Student Union Building on the Arizona campus.

Arizona Alpha Sig Group Formed

The great desire for a chapter at the University of Arizona which has been expressed by the undergraduates and alumni of Alpha Sigma Phi has been colored by the atmosphere of palm trees, cactus, sunshine, and swimming pools, by the possibility of a spring vacation spent in this fair weather atmosphere of Tucson, but more honestly by the recognition that this prominent and growing University of the Southwest will provide a sound and fertile ground for the growth of Alpha Sigma Phi.

The Fraternity has not been unmindful of the requests for placing a chapter at the University, but until this past spring there was a moratorium on the development of new fraternities.

A member of the Fraternity Staff visited the campus and organized the group, which by University regulation has to operate under a "Club" status for a year, before it can petition for a charter. It has been campus tradition that the group take its name from the popular designation of the fraternity it intends to petition, hence the newly formed group is known as the Alpha Sig Club.

The following were selected for the nuc-

leus group: Robert C. Beck, Anchorage, Alaska; J. L. Barber, Phoenix; Dan Medigovich, Phoenix; John W. Nelson, Denver, Colo.; Henry H. Browne, Chicago, Ill.; Fred W. Gibb, Toledo, Ohio; Thomas J. Helms, Southgate, Cal.; Frank Lester, Camp Hill, Pa.; Max Hillyard, Tucson; Richard L. Moe, Tucson; F. Donald Haynes, Tucson; Chester C. Champion, Globe; Charles Groombridge, Detroit, Mich.; James Rushing, Kingman; David F. Leonard, Denver, Colo.; and Dean L. Metz, Tucson.

Brother Robert J. Quinn, Eta '12, has been most helpful in forming and guiding the group and has been representing Alpha Sigma Phi in the Tucson Alumni Interfraternity Council. Brother B. C. "Bud" Doolen, Eta '25, basketball coach for Tucson High, has also been very active, while a third Eta man, Joseph L. Picard, Eta '26, assistant Director of Physical Education for Men, is serving as faculty advisor for the group.

The men would appreciate rush leads for men attending the University in the Fall. Send any information to Tom Helms, rush chairman, 8460 California Ave., Southgate, California, with a carbon copy to Dan Medigovich, 2701 W. Fillmore, Phoenix, Arizona.

Eleven chapters were represented when the twenty-one Sigs who will form the reactivated Phi Chapter were initiated on June 5, 1954 at Iowa State College.

Iowa State Chapter Reactivated

Twenty-one men were initiated at Iowa State College on June 5, 1954, thus making the reactivation of Phi Chapter a reality.

At the request of the local alumni, a member of the Staff of the Fraternity Office spent three weeks on the campus selecting the new Brothers from among the outstanding non-fraternity men on the campus. The way for the reactivation was cleared with the University officials and with the Interfraternity Council, both of which were most helpful in the venture.

A great deal of praise should go to Brother Lewis L. Hawkins, Phi '31, who literally spend day and night with the Staff member selecting, contacting, and talking with the prospective candidates. Many other alumni were of great assistance and willingly lent their aid to the hundreds of tasks necessary to such a reactivation, including: William H. Stacy, Phi '20; Floyd S. Arnold, Phi '23; John S. Quist, Phi '20; and Mervin S. Coover, Pi '24.

Two undergraduate Brothers from other chapters who had transferred to Iowa State, Robert L. Yeates, Alpha Nu '52, and Arthur R. Nielson, Beta Upsilon, '49, aided in the selection and orientation of the nucleus group.

The men selected included presidents, social chairmen, and other officers in the independent men's residence halls, as well as other men who had distinguished themselves by their records on the campus. The

scholarship of the twenty-seven Brothers and Pledges was higher than that of any other fraternity on campus for the past quarter.

The new initiates are: H.S.P. William D. Sampson, and Raymond E. Lasell of Des Moines; Richard J. Heidenreich, and Byron C. Hill of Manly; Steiner M. Silence, Atlantic; Charles S. Oulman, Mason City; Mason A. Varley, Sac City; Robert B. Stacy, Ames; Richard F. Ross, Keota; Frank S. Adams, Jr., Augusta, Georgia; Charles W. Wood, Iowa Falls; Robert J. Conger, Sioux Falls, S.D.; Cecil E. Cross, Grand Island, Neb.; Arthur L. Daw, Chariton; Robert G. Haegele, Rock Rapids; Don M. Gunderson, Kiron; Dwight L. Osenbaugh, Weldon; Eldon E. Richards, Fonda; Dennis O. Brown, West Bend; Gary L. Thompson, Roland; and Max D. Persels, Osceola.

The initiation ceremony and banquet were attended by Brothers from eleven different chapters and both events were marked with good fellowship.

Charter members Howard C. Mortimer, Phi '20, and Ralph H. Mortimer, Phi '20, were at the banquet to see William H. Stacy, Phi '20, receive his Delta Beta Xi Award.

Through the efforts of Alsiphi, the Phi Chapter Alumni Corporation, the Chapter has a house for next fall at 2717 West Street, Ames, Iowa, and Sigs from across the country will be welcome.

Earlier readers of the *Tomahawk* would recognize our present subject as "Clarence William Cleworth", for as such he was identified as Eta Chapter's correspondent in the academic year 1916-17.

As "C. William Cleworth", his name has appeared in these pages on numerous occasions since his graduation from the University of Illinois in 1921.

With more familiarity and as a mark of the friendliness of the man, he is known and respected by scores of Alpha Sigs across the country as "Bill Cleworth". As director, vice-president and president of the Eta Chapter Alumni Association and as secretary and president of the Chicago Alumni Council, he geared himself for greater fraternal work ahead.

In 1927 he was elected to the Grand Prudential Committee, then the governing body of the Fraternity, and after ten years of noteworthy service he was elected, in 1936, Chairman of the Grand Prudential Committee and Executive President of the Fraternity. The last Brother to hold that office, he directed the redrafting of the Constitution to provide for the replacement of the three-member committee by the Grand Council form of government.

But our purpose here is not to simply restate the many contributions of Bill Cleworth to Alpha Sigma Phi. The Fraternity's gratitude was most eloquently expressed with Brother Cleworth's election in 1938 to the Award of Delta Beta Xi, as one of the original recipients of that Honor.

C. William Cleworth, University of Illinois, Eta '14, is president of the Cleworth Publishing Company, specialists in the field of technical journalism. A former president of the Plastics Engineers Association, he is a member of several professional societies associated with the industries which are serviced by his periodicals.

For "Know-How" —A Publisher

At the same time, it is rewarding to have an opportunity to salute one who has eminently combined a devotion of energy on behalf of his Fraternity with a pioneering spirit in attaining a front-rank and singular position in the field of technical journalism. From clothespins to ships, from wood to plastics, Brother Cleworth's company leads the field in publishing specialized journals in a variety of industries. Indeed, he specializes in specialists, leading the way in several technical trades.

That zest for the unusual and the untried was demonstrated early in Brother Cleworth's collegiate career. Following his freshman year, he took a leave of absence to serve as principal of the United States Government High School in San German, Puerto Rico.

Then returning to Illinois in 1916, he worked summers as advance manager of Redpath, Lincoln and Mutual Chautauqua Systems. Those traveling open-air assemblies for educational purposes, combining lectures and entertainments, attracted many an enterprising and talented young college student. And Brother Cleworth was typically active.

Following his graduation, Brother Cleworth combined his professional training in electrical engineering with his natural bent for journalistic efforts and was appointed business manager of *Electrical Engineering*.

We would almost like to believe that he got his journalistic start with the *Tomahawk*, with a technical assist from his staff work on the *Technograph*, undergraduate engineering periodical at Illinois.

And his identity with the *Tomahawk* has always been close. Today he is "related" in another way, for Brother Robert L. Jagocki, Omicron '14, with whom Bill served on the Grand Prudential Committee and who has been Chairman of the Toma-

hawk Trustees for over 30 years, is secretary and legal counsel of the Cleworth Publishing Company, of which Bill is president.

But we run chronologically ahead of our story. In 1923, Brother Cleworth became associated with the business staff of the McGraw-Hill Publishing Company, remaining with that house until 1937 at which time he was appointed vice-president of Electrical Publications, Inc., and of the Haywood Publishing Company.

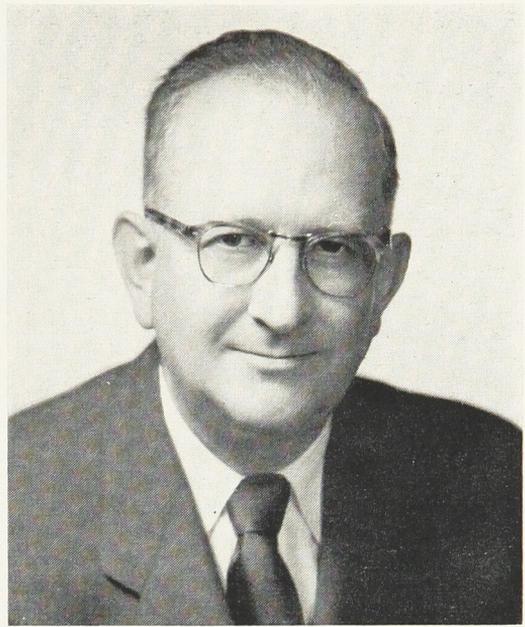

The Cleworth Publishing Company was founded in 1942 to publish *Plastics World*, a monthly magazine of tabloid format to serve the promising young plastics industry and industrial users of plastics products and parts. It provides information on all new developments in materials, machinery and applications of plastics, with a circulation of 28,000 copies. Subscriptions are received from almost every country in the world, except those behind the Iron Curtain.

Supplementing this work in plastics, the weekly *Plastics News Letter* was acquired in 1945.

Since that pioneering and auspicious start the Cleworth Publishing Company has added four monthlies: *Power Equipment*, with a circulation of 40,000 to power company engineers and industrial engineers responsible for power generation, distribution and utilization; *Industrial Woodworking*, servicing the 30,000 plants making furniture and other products of wood; *Maintenance Magazine*, for the 50,000 maintenance superintendents and engineers of industrial plants, hotels, institutions, etc.; and *Modern Patternmaking*, to provide technical information to foundry patternmakers, this publication being the first to cover this particular branch of industry.

The destinies of these five periodicals are guided by a staff of 65 people who are specialists in their work. The editors are engineers who have had years of practical experience in the fields their publications serve and they are frequently called upon for consulting service and to address meetings of technical men.

Officed in Greenwich, Connecticut, Brother Cleworth is in the process of moving to a house at New Canaan which was built in 1731, an anachronism, perhaps, for a "modern man of plastics". Yet a pre-Revolutionary home seems particularly well-suited to a pioneer in this Twentieth Century.

Slick of Ohio Oil

A native of Elwood, Indiana, Brother Frank S. Slick obtained his early education in Findlay, Ohio. He received his Bachelor of Arts degree in Business Administration from Ohio Wesleyan University where he was initiated at Epsilon Chapter in 1924. As an undergraduate he was also a member of Phi Mu Alpha, the national honorary musical fraternity.

In 1926 he began his permanent employment with The Ohio Oil Company at the General Office in Findlay where he had worked as a messenger while in high school. From his first job as a production accounting clerk, he was transferred in 1927 to Robinson, Illinois, as assistant office supervisor in connection with refining and marketing accounting. He was placed in charge of that office in 1933.

Brother Slick returned to Findlay in 1935 as head of the refining and marketing accounting department, and was appointed Assistant Controller in 1941. He was made Controller of The Ohio Oil Company on September 1, 1953.

His son, Robert, attended Ohio Wesleyan University where he was also a member of Epsilon Chapter of the Fraternity.

Brother Slick currently serves the Fraternity as Province Chief in the State of Ohio for the Chapters at Bowling Green, Ohio Northern, and Toledo.

Alpha Sigs were on hand to greet Brother Arthur S. Flemming, Director of Defense Mobilization, when he arrived at Marshall College to deliver the commencement address. Each of the five Alpha Sig faculty members is head of his department. Left to right: N. Bayard Green, zoology; W. Page Pitt, journalism; Beta Delta H.S. George Smith; Arthur Flemming; A. E. McCaskey, engineering; H.S.P. Coleman Goodman; E. L. Plymale, botany; Conley H. Dillon, political science; and H. E. David Ramsey.

Pi Chapter Holds Annual Sig Bust in Mile High City

Pi Chapter of Colorado held its annual Sig Bust on May 15 at the Democratic Club in Denver. Brothers, alumni, undergraduates, and pledges attended the banquet and enjoyed a fine evening of Sig fellowship.

Following a roast beef dinner, four of the Brothers lent their voices to the harmony of a few popular songs. Brothers Nick Catalano, Bob Moore, Dan McAlpine, and Ed Woeckener gave renditions of "Down By The River Side," "Bianca," and "Sweet Chariot." The entire Chapter was led through some Alpha Sig songs by Nick Catalano.

Brother Rich Gebhardt acted as Master of Ceremonies for the evening and introduced the speakers. Brothers Ivan C. Crawford, Pi, '15; John Stivers, Alpha '08, Frank Bobier, Pi '22; and Bob Howsam, Pi '38, spoke on four phases of Pi Chapter History. Brother John Stivers spoke on the founding of Pi Chapter in 1915. Brother Ivan Crawford, a charter member of Pi Chapter, gave an account of the Sans Souci Club, the founding organization of Pi Chapter. Two later phases of Chapter history were covered by Frank Bobier and Bob Howsam.

H.S.P. Robert Helms and Past H.S.P. Robert Moore gave reports on the present and recent status of Pi Chapter. A general discussion of Pi Chapter's Fortieth Anniversary Chapter House Fund was the final

formal business of the evening. The Sig Bust enlivened traditions, brought cheer by gathering the past and present members of Pi Chapter, and was a great success.

Syracuse Takes All University Tennis Trophy

Alpha Epsilon Chapter rang down the curtain on another successful year at Syracuse.

Our social program included several parties and an outing which was held during an inter-collegiate crew race on Onondaga Lake. We entered the poster contest held during Homecoming Weekend and an entry in the Snow Sculpture contest held during Spring Weekend. The Snow Sculpture, depicting "Jack and the Beanstalk" was pictured on a local television station.

The Alpha Sig intramural teams gave a good showing in all of the sports in which the Chapter was represented. We entered a basketball team which went to the section finals before being defeated. The tennis team won matches from several other fraternity teams to cop the Greek title. It then defeated the independent champions for the all-university trophy. Jerry Sowinski and Al Festa, the singles champions, won every set but two during the season. Misfortune overtook our softball team on its first outing when, under "sudden-death" rules, it bowed to the future fraternity champions by a score of 3-0.

The living room, entrance hall, and second floor hall have been redecorated.

Roger Kemp, H.A.E.

Delta Beta Xi recipients gathered at Ciro's in Hollywood, California on the occasion of the Los Angeles Founder's Day Banquet, left to right: Daniel Johnson, Alpha Zeta '28; Joseph McFarland, Tau '30; Arthur C. Hurt, Jr., Tau '27; Wendell E. Cole, Alpha Zeta '26; Grand Marshal Frank F. Hargear, Nu '16, Alpha Zeta '26; C. Robert Sturgis, Alpha Zeta '43; Eugene H. Winchester, Alpha Zeta '39; Frank H. Cowgill, Tau '17; Frank R. Miller, Tau '17; and M. Al Neely, Alpha Zeta '30. Cowgill, Neely, and Sturgis were elected to the Award of Delta Beta Xi on December 6, 1953, the others having been elected previously.

Davis Elkins Sigs Remain Campus Leaders

The men of Gamma Delta have enjoyed a very prosperous semester athletically, socially, as well as in the election of class officers.

The highlight of our social calendar came with the Sweetheart Dance which some 125 couples attended. Mrs. "Chobee" Hoy, the wife of past H.S.P. Gil Hoy, was crowned Queen. The dance, considered by many to be the best Sweetheart Dance put on by this Chapter, was praised by all who attended; alumni, other Greeks, and Brothers alike.

Second semester rushing saw the Alpha Sigs pledge 29 men, which was tops on campus this semester. They will be initiated at the end of the semester. This pledge class plus the active Chapter brings our total strength to 99 men.

Loyalty Day saw the picnic area, complete with a fireplace, constructed by the Alpha Sigs take second place in the judging.

Student Body elections have just been completed and Brother Ed Gardella was elected President. It was a hotly-contested campaign which saw Gardella declared ineligible because of a technicality. Following a petition, signed by over half the Student Body and presented to the President of the College, he was reinstated.

Other Brothers elected to high offices were: Cecil Bassett, President of Beta Alpha Beta, honorary business fraternity; John Petrali, President of Chi Beta Phi, honorary science fraternity, and Sigma Tau Delta, honorary English fraternity;

Nick Pace, President of the Mental Hygiene Association; Roger Waddill, President of the West Virginia Society of Professional Engineers. Pledges Jackson Winter and Harry Van Wagner were elected President of the Senior and Sophomore classes respectively. Brothers Waddill, Pace, and Petrali were initiated into the Golden Circle, honorary scholastic society for men.

The Alpha Sigs won the IFC basketball championship and are now in first place in the intramural softball league. Brother Hoy was elected co-captain of the track team; the manager and four other Brothers are on the team. The baseball team shows the manager and four of the team being Alpha Sigs.

Nick Milanovich was appointed Commander of The Air Force ROTC Unit on campus with the rank of Lieutenant Colonel. This came after the resignation of Brother Hoy as Group Commander. Brothers Milanovich, Miller, Little, Harper, Metz, and Juback received their commissions in the Air Force and Andy "Gung Ho" Slater received his in the Marine Corps.

The newly-elected officers are: H.S.P. Roger Waddill, H.J.P. Charles Martin, H.S. George Mackay, H.C.S. Herbert Kresser, H. E. Fred Joh, H. C. Edward Gardella, H.M. John Kelley, H.A.E. Ed Knoeppel, and H.C. Johnny Sulley.

As successful as this year has been, next year promises to be even bigger and better.

It is with great sorrow that we announce the passing, on April 2, of Brother James Towler, '50, to the Omega Chapter.

Edmond Knoeppel, H.A.E.

Eta Helps Raise Funds For Illinois Campus Chest

Brothers of Nu and Alpha Zeta on hand when Tom Harris, Nu '21, signed the Alpha Zeta Roster. Left to right; Frank F. Hargear, Nu '16, Alpha Zeta '26; past H.S.P. Hugh Glen, Alpha Zeta; H.S.P. Don Champlin, Alpha Zeta; Tommy Harris, Secretary of the San Francisco Bay Area Alumni Council; past H.J.P. Jim Howard, Alpha Zeta; and past H.S.P. John O'Hara, Alpha Zeta.

Alpha Sig M.D.'s get together at a professional meeting in Oklahoma City to discuss their undergraduate days at the University of Oklahoma. Left to right: Dr. C. M. Hodgson, Dr. William L. Shippey, and Dr. John B. Miles.

Toledo Sigs and their dates register pleasure at their traditional Apache Party.

Each Spring the fraternities and sororities at the University of Illinois begin to prepare for the year's greatest event on the campus, the annual Spring Carnival which raises money for the Campus Chest.

While snow was still falling on the Eta chapter house the Brothers were busy planning the dances, songs, acts, and stunts for the outside parade, for their promotional events, and for the show.

"Carmen in Reverse" the theme of this year's show with Theta Upsilon Sorority, provided many opportunities for the men of Eta to use their ingenuity and their talents; and using a new twist from the popular opera, they presented a show which was both original and entertaining.

The Carnival itself attracts about 20,000 spectators and raises about \$15,000.00 during the six hour period it lasts. Thousands of additional students from over seventy fraternities and sororities on campus participate in the dancing, singing, acting, and various other activities necessary to produce and advertise the various booths, shows, and games along the midway.

Although the advertising stunts and parades were conducted all over town, the main events were confined to the outside and inside shows in the Armory. The outside show attracted the visitors to the booth and enticed them to pay their money and see the show inside.

Pictures on the opposite page depict all phases of the Alpha Sig entry from the building of scenery and floats, thru the publicity stunts, the carnival parade, to the outside show, and finally "Carmen in Reverse."

The large picture at the top is of the float in the Carnival Parade, while the other large picture below is one taken of the outside show.

A scene from "Carmen" occupies the top position in the strip, and directly beneath it is one of the many practice sessions necessary for the show.

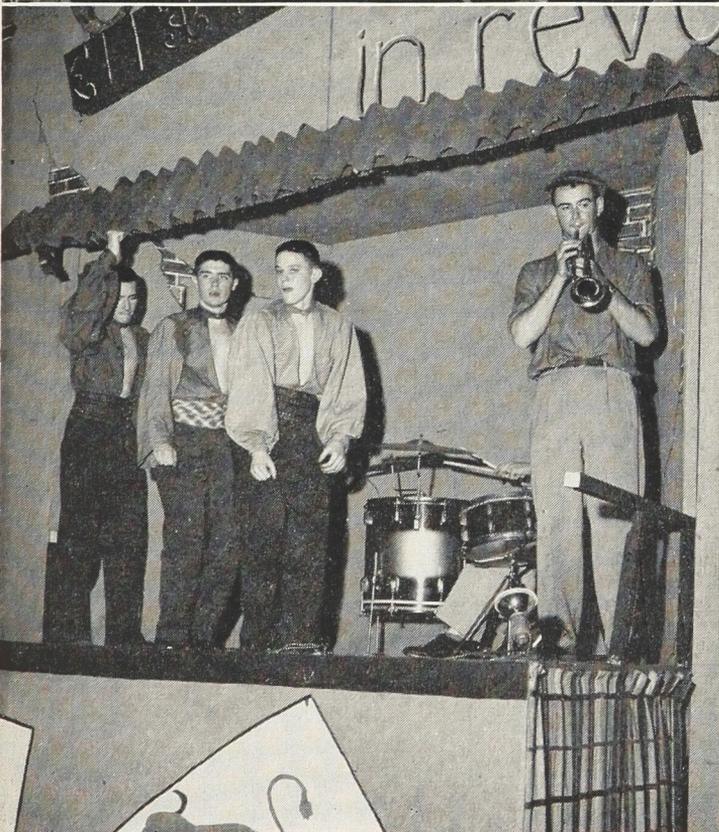

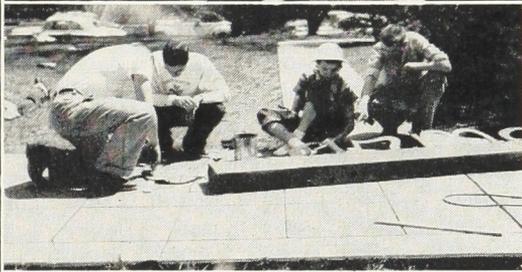

But although the final show was gay and exciting, there was work necessary to get the result. In the next two pictures you see the Brothers and Pledges of Alpha Sigma Phi and Theta Upsilon working on the sets for the show and the float for the parade.

Next to the bottom of the strip you see the group of persons who danced in the streets between classes during the week preceding the show to promote the big event.

And finally at the bottom, the group is ready to start along the route of the Carnival Parade.

As the final curtain came down on Eta's "Carmen in Reverse," the Brothers took a moment to heave a sigh of relief; but before heading into finals, they were planning next year's Spring Carnival entry.

Eta Helps Raise Funds for Campus Chest

Mrs. Millican, President of the Mu Chapter Mothers' Club, awarding the annual scholarships of the Mothers' Club to Brothers Norman Nobach and Thomas Dodson.

Mu Makes Good Record In All Campus Activities

We started the year in fine style with our Pledge Dance which was held at the Sand Point Golf and Country Club. We introduced our Pledge Class of Twenty-Two.

The next social function of importance was the Barn Dance. The Hall was decorated in a western theme and in the center of the floor was an old-fashioned outdoor privy. The only entrance to the Hall was down a gigantic twenty-foot slide into a pile of hay.

The Winter Formal was the highlight of the Winter Quarter. Under the direction of Bob Satterthwaite, the dance was held at the Olympic Bowl. There was a dinner dance with the evening ending up with an all-night party at Brother Ed Messerly's Home.

Last year, as every year, the Mother's Club presented checks amounting to \$35.00 apiece to the outstanding pledges. This was to be an award to the outstanding pledge of the previous year, but the Chapter felt there were two outstanding men. The Mother's Club split the \$70.00 amount and made awards of \$35.00 each to Norm Nobach and Tom Dobson. The award was made by the past president of the Mother's Club, Mrs. Millican.

Basketball season saw Pledges Gene Peterson and George Strugar making the Frosh Team, but because of a shoulder injury that resulted in an operation Gene was unable to compete. George spent his time turning out with the varsity and playing intramural ball. He led the all-star balloting for intramural basketball at the end of the season and saw a Pledge Brother, Rich Hammermaster, pull down three all-star ballots also.

The men of Mu participated in spring football as three Frosh battled for starting varsity positions; Rich Hammermaster, center; Gene Peterson, guard; George Strugar, tackle. Already on the varsity from last year are Milt Yanicks, guard, and Bob Graf, full back. Bob is also an up and

coming soph pitcher, having won one game and lost none, and pitched in the Northern Division opening series for Washington when he snapped the ligaments in his arm, putting him out for the rest of the season. Although only pitching in two games, Bob was awarded his Big "W" by his thoughtful teammates.

The track scene saw Gene Hammermaster, a soph-distance man, winning his Big "W" in the two mile race against Idaho. Gene has run the 880, mile, and two mile at alternate times this year.

The crew turnout included Sigs Wayne Waters, Cox, and Dave Purnell. Dave immediately won the varsity No. 2 position which he held in the California race and Wayne moved into the Junior Varsity Cox position with which he guided the JV's to a winning time in the California race.

In activities we saw Tom Dobson being elected President of the Washington Chapter of Alpha Phi Omega, national service fraternity. Dan Meredith was elected Vice President of Sigma Delta Chi, the national journalism honorary. Dick Ramsey was elected President of the University's scabbard & Blade Company, the national ROTC honorary.

New officers are: H.S.P. Jim Hughbanks, H.J.P. Bob Satterthwaite, H.M. Wy Dobson, H.S. Dick Krietzburg, H.C.S. Bob Dailey, H.A.E. Dick Ramsey, Rush Chairman Alden Harris, and Pledge Trainers Dan Meredith and Jim Cruver.

Dick Ramsey, H.A.E.

American University Has Twenty-Three Pledges

Pledges certainly plague the Beta Chi Lodge in relation to the number of active members at American University. This year the Brothers took stock of themselves, and found that of their total number of eleven, nine were seniors. It therefore behooved the Chapter to take some "active" measures.

The Fraternity suggested a quota of ten new initiates, but we felt this number was inadequate due to our peculiar situation, inasmuch as the majority of the actives were soon to enter the alumni ranks. The Chapter, therefore, set its sights on procuring twenty new men. For one full month each member lived with rushing foremost in mind, and the way in which this was done paid off in large dividends. The results were not only beyond our expectations, but were also beyond the achievements of other fraternities on the American University Campus.

The peculiar situation of twenty-three pledges and eleven members, however, poses serious problems. But when membership in Alpha Sigma Phi is defined as a privilege and when pledges are made cognizant of the fact, eleven Brothers are readily able to outnumber twenty-three pledges when it comes to extending the right hand of fellowship and a welcome into the Mystic Circle.

Joseph Jeffrey, H.A.E.

Father's Club Provides Basketball Court for Psi

Through the support of the Alpha Sig's Dads Club we recently completed an outdoor basketball court in the back yard. It will prove to be a big asset in our fall rushing program, as well as in intramural basketball and volleyball. From excavation to the pouring of the concrete, the court was completed by the combined efforts of Pledges and Brothers.

Throughout this past year the men of Psi Chapter have enjoyed the following outstanding social activities. The Pledge Dance of the year was the Beachcombers' Ball, which was complete with sand, driftwood, palm trees, and a melancholy moon. Winter term saw us garbed as peasants at an authentic Communist Party Dance, this by the way of ridicule, of course! Our Spring Formal, the Tailsman Rose, was rated as one of the best formal dances on campus.

This year Psi Chapter has the largest membership in the past five years. The Brothers have hopes that next year will gain for us, through our extensive rushing program, an even greater number of high caliber men.

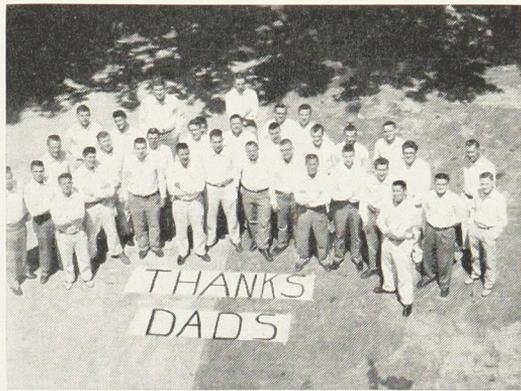

Brother Don Chambers is the captain of the Oregon State Track Team. At this writing Don is competing in the Pacific Coast Conference meet, where he is expected to top the field in the low sticks race.

The following men will govern Psi Chapter for the coming year: H.S.P. Bob Ruhle; H.J.P. Paul Riddle; H.E. Doug Thornton; H.S. Dick Green; H.C.S. Pete Geiger; H.M. Dick England; H.C. Charles Neale; H.A.E. Mark DeCew; House Manager, Lynn Trail; Social Chairman, Ludwig Hartung; Pledge Trainer, Joe Sanders; and Rushing Chairman Alex Hilkevitch.

Mark DeCew, H.A.E.

Epsilon Men Take Many Campus Honors

As the year rolls to a close, Epsilon can look back on a satisfying record of awards and progress. The Ohio Wesleyan Chapter turned in a scholarship average which placed it third out of fifteen on campus. Epsilon men have been receiving awards during this last semester. Clem Allison was accepted on the varsity cheer-leading squad for his third consecutive year. Charles Tyburski received the Oller Award for being one of the outstanding R.O.T.C. cadets in the Wesleyan unit. In the Command Squadron (a sophomore R.O.T.C. honorary) Epsilon men held down four offices for the last year and have been elected for two offices next year. Last year's officers were Charles Tyburski, George Breckling, Richard Runser, and Bill White while next year's officers are Fred Janney and Bill Steinbrenner. Brother Harold Arai has been delegated to represent Ohio Wesleyan's International Relations Committee at their national con-

Oregon State Alpha Sigs express their thanks to their Father's Club for the new volley ball court which was provided by Psi Chapter Dads.

vention in New York City this summer.

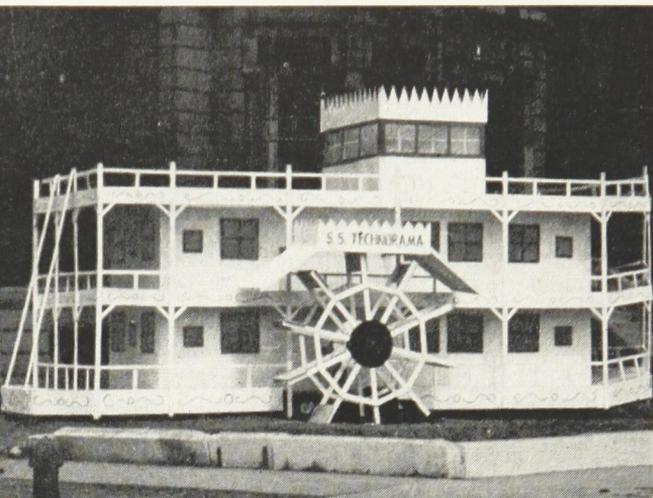

In tennis Bud Tracewell and Ron B. Lewis represented Epsilon. The varsity squad on which they played finished second in the Ohio Conference dropping only two out of their fifteen matches. Fred Ballard took diving honors as one of the two Wesleyan varsity divers. Ballard placed third in the state in intercollegiate competition.

Two men from the Chapter received the highest award possible in the field of campus activity. William Davies and Dick Brautigam were elected to membership in Omicron Delta Kappa, a national men's leadership honorary. Davies has also been chosen as Vice President of the YMCA, Vice President of Omicron Delta Kappa, and Director of Publicity for WSLN, the campus radio station. Brautigam was chosen Secretary of Omicron Delta Kappa and Managing Editor of *The Transcript*, Wesleyan's newspaper. Joe Peterson was elected President of Alpha Epsilon Rho, the radio honorary while Charles McManis was chosen for membership in Phi Sigma Alpha, the political science honorary. In debate, Brothers Bill Steinbrenner and Bill White represent Epsilon. As an affirmative team they won three of their four matches with other colleges. Epsilon has welcomed back Brothers John Plunkett, Tom Moore, and Andy Miller who have recently left the employment of Uncle Sam.

On February 20th Epsilon held one of the biggest events of the year—the Sig Bust. We were greatly honored to have Executive Secretary Ralph Burns and Brothers Cochran and Hornberger at the Bust. Brother Lloyd S. Cochran, Past Grand Senior President and newly-elected Chairman of the National Interfraternity Conference, was the chief speaker and the guest of honor.

Epsilon has elected a new group of Officers for the coming term. They are: H.S.P. Dick Brautigam, H.J.P. Norm Hadsell, H.E. Joe Peterson, H.S. William Davies, H.C. John Merrill. The Prudential Committee representatives are Bruce Harrington and George Breckling.

William White, H.A.E.

Alpha Xi's giant showboat was complete with revolving paddlewheel, smoking stacks, banjo music, and an air whistle with a half mile range.

Alpha Xi Does it Again, Wins Trophy for Sixth Year

With pride, Alpha Xi Chapter looks back on another successful year. Our Chapter maintained its dominant role on Illinois Institute of Technology's campus by taking the Interfraternity All-Activities Award for the sixth consecutive year.

The Award was a result of fraternity spirit and team work which Alpha Xi has possessed since its start. The wheel started rolling last fall when a second place was taken in football and kept rolling as we placed first in bowling, table tennis, and basketball. A third place in the Interfraternity Sing set the pace for the Technorama activities. Technorama is a week set aside for fraternity and inter-class competitions. Alpha Xi's clever musical pantomime of a robot (Brother Chuck Palutis painted silver) capturing communist spies, copped first place in the Interfraternity Pageant competition. We placed a disappointing second in the Technorama house decorations competitions with our giant showboat.

We concluded our sports season by taking an easy first place in Interfraternity swimming, and track, dropping softball for second place.

Singing and fellowship presided over our alumni stag. House parties and the annual Interfraternity Ball, kept the week-ends well filled. The Chapter took advantage of the spring weather and held a picnic one pleasant Saturday night at a park on Lake Michigan. Dancing and hot dogs highlighted the evening. The Chapter's annual dinner-dance dedicated to the graduating seniors officially concluded the social year.

Spring elections were held to replace graduating officers and the new officers are as follows: H.S.P. John Madell; H.J.P. Bill Conroy; H.S. Al Shohfi, H.M. Chuck DeKovic, H.C. Don Polacek, H.E. Gene Orton,

H.C.S. Don McFarland, and H.A.E. Mike Pado.

Alpha Xi still holds its own for campus leaders. Brother Ed Schippmann just concluded his term as President of the I.F.C. In recent elections, Brother Don Glossop won the presidency of ITSA, the student governing body. Chuck Augustine and Ron Kregel won letters in varsity wrestling with Ron presiding as captain of next year's wrestling squad. Other Brothers on the varsity include Chuck Cain, basketball; Chuck Uram and Bob Kinsey, track; Mike and Tom Pado, swimming. The tennis varsity is represented by Brothers Owen Kruger, Paul Setze, and Don Polacek.

The Chapter is eager to start its regular summer rushing program directed by rush chairman Tom Pado. The personal contacts of incoming students during summer months proved tremendously successful last year and an equally good program is predicted for the coming semester.

Mike Pado, H.A.E.

Varied Program for Westminster Alpha Sigs

New officers for Alpha Nu were elected and installed for the coming year. They are: H.S.P. Judson McConnell, H.J.P. Harold Kimmins, H.E. Don Orr, H.S. James Christofferson, H.C.S. Robert McFarland, H.M. Richard Newcomer, H.C. Bruce Giles, H.A.E. James Brenner, Prudential Committee, Glen Flinchbaugh and George Ferguson, and Donald Hopper and Samuel Work, I.F.C.

Many Alpha Sigs participated in sports this year. George Herrick was captain of the tennis team and the swimming team was dominated by Alpha Sigs. In intramural sports we entered strong teams and finished the year with fine records.

Parents Day was held on May 8th. Two fine meals were served to one hundred parents and guests. All mothers received corsages. A fine year has been finished and we are looking for a finer one next fall.

—James Brenner, H.A.E.

Initiation Goals

Each year the Fraternity Staff carefully analyses the manpower of each Chapter of the Fraternity. Taking into consideration the relative strength, needs, and campus situation, realistic initiation goals are set for each Chapter. Listed below are the Chapters which met the initiation goal for the academic year 1953-54, and those marked with an asterisk have met the goal for the last two consecutive academic years.

American	Rensselaer
*Baldwin Wallace	*Toledo
Buffalo	*Tufts
*U.C.L.A.	Wagner
Connecticut	*Wake Forest
*Cornell	Wayne
*Illinois Tech.	Westminster

U.C.L.A. Open House Aids Cerebral Palsy Drive

On the afternoon of Friday, May 21, the chapter house was a scene of one of the biggest campus parties of the semester. The purpose of this event was to raise money for the Cerebral Palsy Drive which is currently being conducted nationally. The entertainment featured some of the most famous names in Jazz in the country. Musicians present included Jess Stacy at the piano, trumpeter Charlie Teagarden, drummer Jack Sperling, Eddie Miller saxophonist, and Morty Corb on bass.

Over the Christmas Holiday asphalt tile was laid over the concrete floor of the Chapter room and a new coat of champagne pink paint was applied to the front hall and corridor. Besides this pleasant surprise the Brothers who returned to the house for rushing were pleased to learn that they had won the I.F.C. scholarship trophy for the semester for showing the most improvement in their grades.

We were somewhat saddened, however, when we lost Brothers Clyde "Sonny" Helmer and Al Marcus to the Army. Brother Helmer had become a popular figure about the campus playing jazz with a band he had organized. The night before his induction into the service he played his final number before hundreds of his cheering fans.

Among our outstanding social events this Spring was the Black and White Formal held at Sportsman's Lodge in San Fernando Valley, and the Beachcomber, held in a tropical setting overlooking the blue Pacific. Along with their more than three hundred guests, the Brothers and their dates had a wonderful time.

Alpha Zeta officers for the fall are: H.S.P. Don Champlin, H.J.P. Ron Nelson, H.E. Warren Holthaus, H.M. Howard Callaman, H.S. Mike Dougherty, H.C.S. John La-Gatta, H.A.E. Patrick Donegan, H.C. Dulph McCraney, Rush Chairman Don Addington, and Social Chairmen Ron Hart and Don Rose.

Pat Donegan, H.A.E.

Zeta Wins Three New Trophies for its Mantle

Zeta culminated the year's activities by adding three new trophies to her growing collection. Those awarded to the Chapter were for first place in the May Week float parade, winning the annual Zeta-Epsilon softball game, and winning the "Theta-Man" Award.

The highlight of May Week was the annual float parade, which this year was built around the theme of "Hit Parade." Our float-builders and architects responded with "Shantytown" and the effort netted the first-place trophy. The float was 38 feet long and at its highest point reached a

Zeta's prize winning float in the Ohio State May Week parade was complete even to the "Queen waiting there in her rocking chair, blowing her top on Gainer's beer".

height of 13 feet, being stuffed with some 12,000 paper napkins. Mark Dove was the recipient of the "Theta Man" Award presented by Kappa Alpha Theta sorority at their spring formal. The Award represents the outstanding man in service and activities for the Theta's. Zeta also won the annual softball game 11-9 with its nearby sister chapter, Epsilon. The game was played under ideal conditions with the exception of the haze that the participants complained of in the last few innings.

More honors came to the Chapter when Jack Johnston was awarded the National Defense Transportation Association R.O.T.C. Silver Medal. Other honors came to Dick Young who received recognition at the annual Engineers Day festivities for his scholastic standing among those in the fourth year of architecture, and Mark Dove who received a blazer as recognition of his service as President of the Ohio State University Men's Glee Club. Carl Drescher, Zeta's H.S.P., was recently elected to the Executive Committee of the Council of Fraternity Presidents.

New Brothers initiated were Maurice A. Bosse, Findlay; Leo D. Connors, Illion, New York; Robert F. Hanlon, Ft. Thomas, Kentucky; Dennis K. Lape, Massillon; Alexander P. McCullough, Cleveland; and H. Robert Oberlin, Massillon.

Coupled with her activities in the extra-curricular field Zeta has maintained a high scholastic average, being ranked second among forty-nine social fraternities on campus. Recently letters of commendation were received by the Chapter from Howard L. Bevis, President of the Ohio State University, and Brother James Lewis Morrill, Zeta '11, President of the University of Minnesota, commenting on the improvement shown and the high position maintained.

Jack Johnston, H.A.E.

Oklahoma Brothers and Pledges entertained their mothers at the Alpha Alpha chapter house. Mothers actually lived at the house over a weekend and were particularly pleased by a late evening serenade by their sons.

Beta Xi Wins First Place in "Campus Capers"

The Student Senate of Hartwick College sponsored "Winterlude," a winter weekend, consisting of a Junior Prom, a snow sculpture contest, a parade of floats, and winter sports events. Beta Xi won second place in the parade float contest, and third in the snow sculpture.

On February 26, "Campus Capers" was held at Hartwick. This is an annual event consisting of skits presented by the different Greek groups. The Chapter captured first place with its presentation of "You Didn't Miss A Thing," a take-off on the TV show, "You Are There."

Beta Xi's Chapter house has undergone some reconditioning lately, as the outside was painted and a library was added on the first floor.

David Stanford, H.A.E.

Wagner Sigs Make Fine Campus Record

This year was a particularly active one for the Wagner College Sigs. Our Free Fall Formal is traditionally the first social gathering of the year on the Wagner Campus and affords a chance for the upperclassmen to meet the new students and renew old friendships.

Alpha Sigma Phi was well represented on the Wagner football team by Brothers "Dutch" Lichtmann, Sal Mitri, Sal Vindigni, Vinnie Baiera, Karl Strobel, Ken Ellis, Lars Larson, and by Pledges Charles McGeehan, Larry Fusco, Don Perry, Frank Marino, and Don Roper.

In the intrafraternity football league we finished third and ended up in fourth position in the basketball league.

Brother Charles Domke was our representative on Wagner's very successful basketball team. Pledges Lou Marcano and Ed Weinheimer were very active on the JV basketball team.

Alpha Sig men were also the backbone of the Wagner baseball team. Brother Clem Basco, star "Seahawk" pitcher, completed the season with a six win—two loss record.

New Brothers are: Lars Larson, Dumont, N.J.; Albert Schroeder, Oradell, N.J.; Theodore Melloh, Queens, N.Y.; Charles Hundsdorfer, Staten Island, N.Y.; John Schaertel, Rochester, N.Y.; and Salvatore Vindigni, South Hackensack, N.J.; Ronald Berna, Rochester, N.Y.; James Keller, Goshen, N.Y.; Richard Luders, Staten Island, N.Y.; Raymond Nelson, Brooklyn, N.Y.; and William Hieronymus, Ph.D.; Professor of Education at Wagner College; Charles Domke, Lodi, N.J.; Kenneth Ellis, Staten Island, N.Y.; Charles Fries, Staten Island, N.Y.; and William Schultze, Queens Village, N.Y.

The new Pledges are: Donald Perry, Ed Weinheimer, Sal Tuzzo, Walt Sawicki, Art Sforza, John Saia, Herb Trebing, Don Roper, Bob Scariato, Stu Lapham, Lou Marcano, Larry Fusco, Ewald Borchers, Rio Sferezza, Chuck McGeehan, and Frank Marino.

On several occasions during the year Brothers and Pledges worked on the grounds of Bethlehem Children's Home on Staten Island. Groups of these children were brought up to the college to see all of our home football and basketball games. Throughout the year these children were

Winter Formal at the University of Washington Chapter

taken on other outings by the Chapter.

"Dutch" Lichtmann, our graduating H.S.P., was also president of the Student Association. Roger Greentaner was chairman of the Traditions and Student Union Committees. Bob Klumpp was president of the Junior Class. Bill Heil and Artie Haimerl were co-editors of the 1954 *Kallista*, the college yearbook.

Elected to Office were: H.S.P., William Heil, Jr.; H.J.P. Clement Bosco; H.S., Theodore Melloh; H.M., Albert Schroeder; H.C. Lars Larson; H.A.E., James Keller; and Pledge Captains Salvatore Vindigni and Robert Klumpp.

Robert Klumpp was elected President of the Senior Class. Clem Bosco will assist him as Vice-President of the Senior Class. Albert Schroeder was elected Treasurer of the Junior Class and was also elected Treasurer of the Student Association. Bill Heil obtained a seat on the Student Council as Senior Representative.

At the Spring Formal an award was given by Brother Victor Cranston to the graduating man who has done the most for the Fraternity. This year H.S.P. "Dutch" Lichtmann was the recipient.

For four years he played varsity football and each of those years received a varsity sports award. In his senior year he was co-captain of the team. Dutch was not only our H.S.P. as a senior but was also president of the Student Association and president of the Intrafraternity Council.

Another graduating Senior who was named to "Who's Who in American Colleges" is Roger Greentaner.

James Keller, H.A.E.

New Chapter House Acquired by Marshall Sigs

Beta Delta Chapter completed a successful year. During the first month of school, we acquired the best house we have had since the Chapter was formed.

As for social events, our Evergreen Ball, Star Dance, Beaux-Arts Ball, and several informal house parties left little to be desired.

Brother Eddie Collins was elected to Omicron Delta Kappa and seven Brothers made the Dean's List with a B average or better.

When Mother's Day rolled around we had an open house in honor of the parents, and we placed third in the Interfraternity Sing.

In May we elected officers for the coming year. They are: H.S.P. Coleman Goodman, H.J.P. Bill Kirk, H.S. George Smith, H.E. David Ramsey, H.M. B. D. Hassan, H. C. Roy Blackburn, H.C.S. & H.A.E. Bill Evans.

To end a good year it was a pleasure to have Brother Arthur Flemming as the Marshall Commencement speaker and to have a short time to chat with him.

Bill Evans, H.A.E.

1954 CONVENTION

September 8, 9, 10, and 11

Gratiot Inn, Port Huron, Michigan

You're going to need a "break" along about Labor Day. Why not combine the regular holiday with an unforgettable attendance at the Twenty-Third Convention of the Fraternity?

All members of the Fraternity are urged to attend. It'll be a great vacation in association with your Alpha Sig Brothers, alumni and undergraduates.

Alumni are especially urged to bring their wives. Excellent recreational facilities at the Inn and nearby will make for a total vacation and an enjoyable change for alumnus and wife.

Come for all four days, if you can. Or come just for the weekend. But don't miss at least part of the fun and inspiration of an Alpha Sig Convention. Make your reservation with the Inn now.

PLAN NOW TO ATTEND
