## ***'The Old Gal' Enters Atlantic Christian***

Gamma Lambda chapter, our newest sister chapter was installed on the weekend of May 2, 3, 1958, at Atlantic Christian College, Wilson, North Carolina.

Atlantic Christian is a co-educational, four-year, liberal arts college. The college is church-related in that it is sponsored by the Disciples of Christ. It is small, 900 to 950 students of whom two-thirds are males, and thirty-five per cent are fraternity men. It is a similar setting to several of our other chapters; a small, expanding college, with a vigorous building program.

By action of the Board of Trustees, the government of the college is committed to the Cooperative Association of which all of the students and faculty are members. The affairs of the Association are handled by an elected Executive Board. This is an unusual feature, found in only a few colleges.

Since September 1956, five new buildings have been put into use. They include, a classroom and administration building, of modern, flexible design, an Alumni-Student Center, and an infirmary. Total cost exceeded \$890,000. Also, a new Science Hall was opened.

Since 1950, Wilson Gymnasium, the Bert Hardy Dining Hall, Howard Chapel, Harper Hall, (women's dorm), and the heating plant have also been completed.

The Pan-Hellenic Council, composed of two members of each of the four fraternities and four sororities, regulates Greek activities, as Rush Week, pledge training, and outstanding fraternity and sorority work Awards.

Sigma Alpha, local social fraternity, was founded at Atlantic Christian College in the Spring of 1925. This was the first social fraternity on campus. Twelve regularly matriculated men students decided to take advantage of a provision made by the college administration whereby Greek-letter fraternities might be created.

At the present time Gamma Lambda chapter maintains the past President's home. It was occupied by the College's

Grand Senior President Akre, Iowa 28, addressing the Installation Banquet at Atlantic Christian.

Presidents until two years ago when another house was put into use for that purpose. The well equipped and spacious house is located at 600 West Gold St., directly across the street from the College, in Wilson, N. C. A chapter house-committee readily administers and is responsible for the enforcement of rules and regulations governing the use of the house.

Having been preceded by Delta Sigma Phi and Sigma Phi Epsilon by two weeks, Alpha Sigma Phi was the third of four Nationals coming to the campus this Spring.

Friday evening, May 2nd, was the occasion for the formal pledging ceremony to be administered to twenty-three members of the local. This started the weekend initiation and installation of Gamma Lambda.

The pledging ceremony was directed by Jess Green, Field Representative, Davis & Elkins, 53, with assistance from Dean of the College, Randall Cutlip, Bethany, '37, and Royce Crawley, Wake Forest, '47. The formal initiation proceedings took place on

Saturday when seventeen alumni joined with the undergraduates to witness the ritual.

The initiation team was made up of Brothers from Alpha Psi chapter at Presbyterian College. They were Charles Watts, H.J.P.; Roscoe Lindsey, H. E. ; Sonny Embry, H. M.; Jim Monroe; and Tom Prewett. These Brothers, along with several alumni Brothers from the area did a fine job of initiating these forty new Brothers.

The College was represented at the banquet Saturday evening at the Hardy Dining Hall by President and Mrs. Arthur D. Wenger; Dean of the College, Brother and Mrs. Randall B. Cutlip; Brother and Mrs. Byron Welsh; Brother and Mrs. Warren B. Tait; Dean of Men and Mrs. Robert O. Morrow; Dean of Women, Miss Sarah B. Ward.

National President, Brother Charles T. Akre, Iowa, '28 gave the principal address, "What and Why," concerning what and why we are here, and where and why are we going. It was a very stimulating and thought provoking address for all of us.

Executive Secretary Burns Ohio Wesleyan, '32 presented gifts from her sister chapters to chapter president Don Lee, Jr.

Several of the campus girls served the banquet in fine style.

Dr. Wilbur H. Cramblet, Yale '13, President of the Christian Board of Publications

presented the charter. He also gave the sermon Sunday morning at the First Christian Church. The Brotherhood and out-of-town guests attended the service in a body.

A dance in the dining hall after the banquet was climaxed by the singing of the "Sweetheart Song" to Mrs. Randall Cutlip.

# 'Come, Let's Gather Once Again...' Theta Celebrates It's 50th Year!

by Frank W. Duncan '56

A gala reunion was held at the Chapter House on Saturday, May 24th commemorating the Old Gal's fiftieth year at Michigan and honoring our nine founders.

On the evening of January 7th, a group of alumni, including Leonard West '38, Art McWood '47, Bill Wilson '47, Harold C. Smith '24, Ralph Holzhauer '43, Chuck Reisdorf '41, Doug Hammial '29, Gard Mason '20, and Herb Dunham '20 met for dinner at the chapter house.

After dinner, alumni and undergraduates gathered in the living room to plant the seeds for the "Golden Jubilee."

At this gathering and a later meeting in Detroit, many of the details of the event were tentatively planned.

The celebration, a stag affair began with a noon alumni luncheon at the Michigan League honoring every past H.S.P. of Theta.

Herbert L. Dunham, H.S.P. '19 was toastmaster and Dr. Nathan "Nate" E. Van Stone, H.S.P. '14 Vice President of Sherwin-Williams Paint Co., Cleveland, Ohio, was the speaker.

An Alumni association meeting, tour of the new North campus and the annual alumni-active softball game were the events of the afternoon.

The highlight of the day was the "Founders Banquet" honoring the nine founders. This event ran off smoothly under the direction of Arthur B. "Bus" McWood, '24. Charles T. Akre, Iowa '28, Grand Senior President was the principal speaker. Ralph F. Burns, Ohio Wesleyan '32, Executive Secretary, presented Golden Anniversary Certificates to the five of the six living founders who were present.

Nearly fifty years have passed since the founding of Theta Chapter here in Ann Arbor on June 8, 1908. Founder Mark Wright reminisces in a recent letter:

"It seems incredible that 50 years have gone under the bridge since that day in June, 1908, when eight of my friends and I got together in a rooming house at 331 Packard St. and committed ourselves to start the ball rolling.

"But to begin at the beginning, permit

me to go back another 25 or 30 years to the real beginning. Before I was born, my mother then about 20 years old, was teaching a country school in upper Michigan. One of her students was Wayne Musgrave. He was having a bit of a struggle as a boy and my mother became quite a factor in his early life, and according to Wayne, had more than a little to do with inspiring him to make of himself the wonderful man we all know he became.

"To make a long story short, Wayne Musgrave, on learning I was a student at Ann Arbor, interested me and influenced my parents to permit me to gather some friends and start Theta Chapter. After numerous meetings, financial arrangements were made to go down to Marietta College in Ohio, where our little group was put through the usual initiation by Delta Chapter, not to mention the wonderful entertainment that followed."

Since Mark Wright and his eight co-founders (Arthur Clarke, Ira Hawley, Earl Green, Oramel Irwin, Daniel Walser, Charles Gandy, Leonard Waterman, and Charles Brady) began Theta, the chapter has had several homes within Ann Arbor, Doug Hammial '29 recalls the story of these transitions:

"In the last year of President James B. Angell's 38-year administration, Theta Chapter of Alpha Sigma Phi was born on the Michigan campus. And, as so truly stated in "Muzzy's" (Wayne Musgrave) letter to Theta many years later (December, 1926), Arthur Clarke, Mark Wright, Dan Walser, Earl Green, Charles Gandy, Ira Hawley, Charles Brady and others built better than they knew."

"Now, 50 years later, Theta's lamp burns brightly and we can be grateful to Him who watches over the destinies of our 'Old Gal.'"

"The story of the changes in Theta is an interesting one, liberally sprinkled with the names of many, many of her members who have played important parts in the evolution of our chapter.

"To cover everything and mention every-

Undergraduate Brothers Richard Odgers, Alvin Beam, Donald Miller, and George Evans, front row, and William Reist, James Blanchard, and David Hansen, back, relax after committee meeting working on Theta chapters' Golden Jubilee celebration.

one is impossible; virtually every member's name should be included in Theta's story, for each has made some kind of contribution.

"Theta's first home at 331 Packard St. soon proved inadequate and new quarters were located on East Washington St. in the Elks Club Rooms. The next move was to 1511 Washtenaw Ave., and from there to 1315 Hill St.

"Twenty-five years at 1315 Hill and names like Williamson, Oakman, and Oosterbaan represent a great era in the Chapter's history.

"Then came World War II, and one year we lost twenty-five members to the armed services. They were among many from Theta to serve and all came back save one—We will always honor Will Henry Buderus, Jr. '30, who was killed in action. "Bud" came to Ann Arbor, from Toledo with "Ivy" (Ivan B.) Williamson '30.

"With no man-power, the chapter could not meet its mortgage obligations and to conserve a small bank account and secure personal property, we moved to 800 Lincoln. A few of our boys used the property until October 18, 1943 when we sub-let to Kappa Nu fraternity.

"In the fall of 1945, returning veterans, Theta men and others from sister chapters started reactivation plans which were culminated on December 6, 1945 in Detroit, just 100 years after our national founding.

"The Alpha Sigma Phi Association of Michigan was born that evening; the idea of Harold R. Smith '16,—we shall forever

be grateful to him. He wrote our Articles of incorporation and our By-Laws and the Articles were duly filed on the third day of May, 1946.

"The next five months were disappointing in that a house could not be found. Then on Monday, August 26, the break came. George Wild, a clothier on State Street, showed me a picture-ad in the Ann Arbor News. My wife and I went that day to see the house and returned the following Saturday with Clark Andrews. Al Herman and Harold R. Smith inspected the property Sunday afternoon September 1.

"That evening the Directors (Clark Andrews, Frank Brady, Harry Benjamin, Tom Colon, Al Herman, Silvester Shea, and myself) voted to purchase the property at 920 Baldwin Ave. Brothers Krause, Oakman, H. R. and H. C. Smith were in that meeting. We had \$4,509.50 in the bank when Director Benjamin and Herman and Member Oakman signed the agreement.

"It was then that we began to realize the foundation "Muzzy" talked about, for our brothers responded from every corner of the country and we met our down payment."

Here's the way it's gone: \$2,500 on 9-3-46; \$5,000 on 9-20-46; \$2,500 on 10-15-46; 1,750 on 12-26-46; 1,250 on 1-28-47 and we have never missed a contract payment since!

Thus the story of Theta's first fifty years culminated in the purchase of our present home (as pictured) at 920 Baldwin Avenue, a symbol of the determination of our Detroit area alumni and the generosity of all Alpha Sigs throughout the nation.

## ***To Know Her Founders Is To Know Theta The Lives of All Her Sons Are Her Life, Too***

Daniel C. Walser in July of 1910 began his career in engineering by starting work as a surveyor and draftsman for a Toledo firm. During the years that followed, his experience as a consulting engineer was one of constant advancement and increased recognition in his field. In 1956 he received the Washington Society of Engineers' Award in recognition of his outstanding professional achievements—nearly 50 years of singular accomplishment.

Twenty years of this time (1922-42) was spent with the Charles B. Hawley Engineering Corp., Washington, D. C., as vice-president and chief engineer. While specializing mainly in hydro-electric work both in the United States and abroad, the work also included the engineering design and building of highways, bridges, water supply systems, gas plants and commercial building.

During the war years he was with the Fram Corp., Providence, R. I., working in the Washington office developing fuel and lubricating oil filters for the armed services.

In 1946 he resumed his former position with Hawley as a consultant, devoting one-half of the time in his own consulting engineering practice, finally devoting his

full time (since 1953) to his own practice.

In 1955 he completed his five-year term as chairman of the District of Columbia Board of Registration for Professional Engineers. He is a life member of the American Society of Civil Engineers, a past president of the national capital section, and presently is chairman of the committee on registration of engineers of the ASCE.

Charles L. Gandy, son of Charles M. Gandy, a colonel in the Army Medical Corps, followed in his father's footsteps after graduation from the U. of M. Medical School, and served an internship at Providence Hospital in Washington, D. C., and upon completing it passed the examinations for the Army Medical Corps.

He entered active duty in July, 1913, and served in the Medical Corps continuously for 35½ years, spanning periods of both world wars. During this time he was stationed in various parts of the United States, the Philippines and in Germany with the first Army of Occupation.

His last active duty station was in Japan, where he was in command of the 49th General Hospital in Tokyo from August 1946 to December 1948. He retired from active duty in January, 1949.

IN THIS "LIFE AT MICHIGAN FIFTY YEARS AGO" GROUP ARE TWO OF THETA'S FOUNDERS, Charles Brady, third from the left; and Mark Wright, third from the right. Strange how in many ways times and men change so little.—But for the clothing and lack of "crew" haircuts, many things are much the same.—Be on hand May 24th to join your own contemporaries in renewing friendships that grew in groups like this one. Was it five, ten, fifteen, twenty . . . fifty years ago?

After his retirement from active army service, he and his wife, a general's daughter, settled in Messilla Park, N.M., where he was college physician at the New Mexico College of Agriculture and Mechanic Arts. Brother Gandy retired from this position in September, 1956, and now lives in Messilla Park.

Ira M. Hawley, "I am proud to be the oldest living of Theta Chapter. Someone wrote me to that effect some time ago and I can assure you that I have received a lot of kidding about it.—Most of the time I do not feel as ancient as that honor would imply!"

These words represent to all of us the kind of man we have in Founder Ira M. Hawley.

A noted entomologist, he began his work in this field after completion of his doctorate at Cornell University in 1916. In 1921 he accepted a position as head of the department of zoology and entomology of the Utah Agricultural College and entomologist of the Utah Agricultural Experiment Station. He served as acting dean of the arts college for a year.

He entered the Bureau of Entomology of the United States Department of Agriculture in 1926 and spent most of the next 25 years in charge of the biological investigations of the Japanese beetle.

He retired from federal service in 1951 and since then has lived in California, Costa Rica and Florida. He is presently living at 210 Lawn Way, Miami Springs.

Charles H. Brady the first H.E. of the chapter continued in his interest in his fraternity and his University by serving both for many years after his undergraduate days had ended.

He served on the Board of Trustees of Theta Chapter for more than a quarter of a century, acting as Chairman of the Board on many occasions.

In 1914, when the U. of M. Club in Toledo was organized, he was elected its first president. Later he was elected lieutenant governor of all Ohio-Michigan Clubs and served for several years in that capacity.

Through 1919 to 1931 he served as general chairman of the committee staging the University of Michigan Opera in Toledo. He was elected to "Mimes" of the University of Michigan in 1930.

In 1929 he was appointed chairman of the National Alumni Committee of Athletics of the University. He served as chairman of this committee for more than 20 years.

In 1936 he was appointed by President Ruthven as one of the nine alumni chosen from various sections of the United States to plan with President Ruthven the pro-

gram for the 1937 Centennial Celebration of the founding of the University.

At present he is senior member of the law firm of Brady, Whitehead, Simmons, Whitehead & Hunter, with offices at 810 Edison Building, Toledo. He is a member of all bar associations, local and national.

It is interesting to note that of all Brother Brady's services to his Alma Mater he considers one that few know about his greatest.—During the period from 1914 to 1948 he was instrumental in obtaining employment at the Michigan Union for about 60 Toledo boys.

Thetas may take a great deal of pride in the dedication of Charles H. Brady, whose service to his University, his fraternity and its sons has brought so much meaning into the lives of all with whom he has been associated.

Mark H. Wright's story of his career might start, "With Horace Greeley's advice ringing in his ears—"

Graduated from the University in engineering in 1909, Brother Wright soon headed for the north-west and later California where he has remained during the years since as an engineer and real estate appraiser.

In his own words, "Unfortunately, up to 1920 I lost contact with Theta and my old college classmates due to various engineering jobs, generally in isolated places in California, Nevada and Alaska. In 1954 I headed the operation of making a re-appraisal of Marin County in California and situated just north of San Francisco—I

am presently chief appraiser in the office of the Marin County Appraisal Commission in San Rafael."

The same pioneering spirit as was with him in the founding of Theta prevailed during the early engineering jobs in Alaska, believed by some to be the "last frontier."

Earl D. Green now living on a 76-acre farm near Wolverine is active in his community. He laughs and says to the question some ask of him, "What do you do in the long winter evenings in the country?"—"There aren't any!"

Between 15 and 25 nights a month, he is out on some project for Scouts, church, Farm Bureau, or just social activities. He operates his farm, is active on the township board, is an institutional representative for Scout Troop 206, serves as chairman of the building committee of Emmanuel Episcopal Church of Petoskey, and is active in the Farm Bureau.

Says Brother Green, "As for business experience, it has been varied and exciting—selling, cost accounting, supervisory work in printing and advertising and management of a brick plant and printing plants.

"The final tour of active duty was assignment to develop a safety program at GMC Truck & Coach Division in Pontiac, where I was safety engineer."

An interesting side-light of his undergraduate days is that while he was playing on the freshman team (class champions) the squad was the first class team ever to play a game on the old Ferry Field. He was H.S.P. at the chapter his senior year.

Five of the six living Charter members of Theta attend the 50th Anniversary. L to R, Charles Gundy, Charles Brady, Mark Wright, Don Walser, and Earl Green.

Membership in Alpha Sigma Phi Fraternity is a privilege granted on invitation by the unanimous and secret ballot of the members of a chapter to a man who they believe is personally, intellectually, and socially compatible with the members of the national Fraternity.

Membership in Alpha Sigma Phi Fraternity is by virtue of membership in the chapter which makes the selection. A Brother in the Fraternity enjoys the friendship and hospitality of all chapters and alumni groups and is united in brotherly love in the family-like relationship which exists among the members of Alpha Sigma Phi and is assured of the spontaneous welcome, hospitality, and friendship of each member's family circle.

The responsibility for selection of new members into the Mystic Circle of Alpha Sigma Phi is a first and a continuing responsibility of each member as we learn truth, increase in wisdom, and exemplify in the Mystic Circle the true spirit of brotherly love.

# Your Convention Is Democracy in Action

The fraternity group is formed by mutual selection, based on congeniality and common purpose. It is self-governing, within the few limits imposed by college regulation or alumni guidance. Here the young member learns, perhaps for the first time, to submit to the will of the majority and to shape his own conduct in accordance with the interests and standards of the group in which he lives. Here in assuming his allotted share of the work of the group he develops a sense of responsibility for the well-being of something outside himself. He is merged with the group; must work with and for the group; must fight to emerge as a leader who will direct the group. He learns the invaluable lesson of subordinating self and selfish desires for the good of others. He thus learns to think in terms of those about him; to do for those about him; to lend his strength to those who have less; to give of his abundance to those who do not have enough. No public opinion exercises so deep an influence upon youth as that of youth itself, neither home or college can affect sweeping results with so little delay or friction. But perhaps the greatest strength in the chapter is that it is the one place on the campus where men have the courage to be their best selves; where idealism is expected, not scoffed at; where altruism is the tradition; not the rare practice. In an academic atmosphere the fraternity group is a realistic struggle to evolve those principles of community living upon which our form of government depends. The fraternity chapter is democracy in action without fear or favor.

*Baird's Manual of American College Fraternities*

1845

*Alpha Sigma Phi Fraternity*

The purposes for which this  
association is formed are:

To foster education, to maintain  
charity, to promote patriotism,

To encourage culture, to encourage  
high scholarship,

To assist in the building of character,  
to promote college loyalties,

To perpetuate friendships, to cement  
social ties within its membership,

And to foster the maintenance of  
college homes by chapters  
for their active members.

# NATIONAL INTERFRATERNITY CONFERENCE

## *The Decalog of Fraternity Policy*

1. The college fraternity has as its goal, in harmony with that of the college, to provide training and discipline of the individual who, in seeking an education, desires to make of himself a useful member of society, possessing knowledge, trained skill, and capacity for accomplishment. The college fraternity, as a group organization, seeks to teach men how to live and work together, striving by precept and example for the personal development of the individual in the training of mind and body. It carries forward the fundamental purposes of education, adding a fraternal influence for correct living and individual development.

2. The college fraternity must regard itself as an integral part of the institution in which it is located. It not only must be amendable to the rules and regulations of the college institution, but must share in all the college responsibilities of the undergraduate. The college fraternity must match the discipline of the college administration, and must accept the added responsibility incident to the supervision of group life in the chapter house. Furthermore, the college fraternity, with complete loyalty and allegiance to the college which nurtures it, has the duty of supporting in every possible way the institution of which it is a part.

3. The college fraternity is also a business organization. Successful management requires sound financial practices and good housekeeping methods. There is the dual obligation of prompt collection of monies owed and prompt payments of accounts due. The fraternity man and the chapter group acquire strength and stature as they develop business experience and a true perception of correct business methods. Financial strength and integrity in the fraternity enables it to accomplish its other aims.

4. The college fraternity stands for excellence in scholarship. It seeks, as a part of its college, to promote diligent application to study by the fraternity member, not only in order that the requirements of the college be met, but also that achievement above the average level may be attained. The college fraternity adds its rewards for intellectual attainment to those given by the college.

5. The college fraternity accepts its role in the moral and spiritual development of the individual. It not only accepts the standards of the college, but, in addition, endeavors to develop those finer qualities of ethical conduct which add to the inner growth of man.

6. The college fraternity recognizes that culture goes hand in hand with education, and, therefore, seeks to broaden the growth of the fraternity member by encouraging the acquisition of knowledge and training in cultural subjects. It is in this field that the college fraternity augments the formal instruction of the institution in encouraging an appreciation of art, of music, of literature, of dramatics, of debate, of sports and games, of speaking and writing, and of national affairs.

7. The college fraternity is the center of much of the social life of the fraternity member. As such it seeks to develop the social graces, the art of good living, the development of courtesy and kindness. Good manners, good taste and good companionship are a part of the training of every fraternity member.

8. The college fraternity recognizes the importance of the physical well-being of its members. It seeks to provide healthful and sanitary housing. It encourages healthful practices by its members, discourages physical excesses and promotes athletic competitions in both fraternity and college life, so that *mens sana in corpore sano* shall be the aim of every fraternity member.

9. The college fraternity assumes civic responsibilities. The chapter-house is another training ground for good citizenship. Fraternity members are taught first their civic responsibilities as members of the college community, and are prepared in later life to assume their responsibilities to their communities and to the nation.

10. The college fraternity seeks to develop those qualities of human understanding, of companionship, of kindness, with a knowledge and training in appraising the basic values of life, which will lead towards a better civilization, with peace and understanding among all peoples.

# Sig Notes

**Dr. Arthur S. Flemming**, Epsilon '24 new Secretary of Health, Education and Welfare in President Eisenhower's cabinet was the speaker for Miami University's, Oxford, Ohio summer commencement August 24, 1958.

Marshal at the exercises was **Dr. Ray Glos**, Illinois '22 member of the Grand Council, National Scholarship Chairman and Dean of the College of Business Administration.

Honorary degrees were conferred on Brother Flemming and on **Gilbert L. Stout**, Miami 1923 graduate Alpha Sigma Phi 1954 nationally recognized for his work in plant disease control as chief of the bureau of plant pathology in the California Department of Agriculture.

Flemming received the Doctor of Laws degree, Stout the Doctor of Science degree.

Stout, native of the Cincinnati area, taught botany at Miami a year and was field botanist of the Illinois State Natural History Survey four years before joining the California agriculture department in 1930. He has been bureau chief since 1950. Brother Stout is a active member of the Alumni Council in Sacramento.

A program developed under his direction for inspecting and indexing foreign grape stock imports is believed to have saved millions of dollars for American orchards and vineyards. He is author of numerous technical papers and bulletins dealing with plant pathology, especially in diseases of fruit trees and grape vines.

He has been president of the western division of the American Phytopathological Society and in 1954 was the society's special representative to the English International Botanical Congress in Paris. He holds a master's degree from the University of Illinois.

Flemming has been a manpower advisor to three Presidents. He resigned from the presidency of Ohio Wesleyan University to become a cabinet member August 1, but he had been on leave for government service through much of his ten years as Ohio Wesleyan president.

Member of the United States Civil Service Commission 1939-48, he also became a member of the Hoover Commission on Organization of the Executive Branch of the Government in 1947. With the Korea

L. L. Shepard, Omicron '23

Lyle L. Shepard, Pennsylvania '23, was recently named President of the Columbian Carbon Company. He joined Columbian Carbon March 1950 as Treasurer. Made a director in April 1950, Vice President in 1953, Executive Vice President in 1956. He served in the U. S. Army Air Corp from 1942-1945. He was released as a Colonel. He was awarded the Legion of Merit, Bronze Star Medal, Distinguished Unit Citation, Four Battle Stars and Special Breast Order of Pao Ting. He makes his home in Stamford, Connecticut.

crisis, he was recalled to Washington to head manpower planning in the office of Defense Mobilization. Under Eisenhower, he became director of that office as well as a member of the President's Advisory Committee on Government Organization and of the second Hoover Commission. Flemming also has been lay leader in the Ohio Conference of the Methodist Church and a vice president of the National Council of Churches of Christ in America.

Native of Kingston, New York, graduated from Ohio Wesleyan in 1927, Flemming taught government at American University while earning a master's degree there and a law degree at George Washington University. He was on the editorial staff of the old "United States Daily" (now "U.S. News & World Report") 1930-34 and director of the School of Public Affairs of American University 1934-39. He has received honorary degrees from 17 universities, including his alma mater.

The poster on the right in five colors released for national distribution has caught the eye of most of the nation. Asked to conceive an original design urging the giving of blood, Ray Paul, Art Director of Cassell and Paul, Inc., St. Louis, developed the theme. He created the design of the poster and selected Brother David Fine to illustrate the work, which necessitated a gentle approach with great emotional appeal.

## Brother David Fine, Washington University Illustrates Prize Winning Blood Donation Poster

William H. Armstrong, Chairman of the St. Louis Red Cross Program presented a citation to Brother David Fine on behalf of General Alfred M. Gruenther, President of the American National Red Cross, which expressed deep appreciation of the talents, time and effort so freely given.

## ***Pledge Prospects***

In order to assist the chapters in the selection of future Brothers, all members of the Fraternity are requested to send names of men who will be entering colleges and universities where Alpha Sigma Phi has chapters to the Rush Chairman on opposite page.

Please use the form below or a similar form, and if desirable send along some additional information which might be of help to the rush chairman.
