"Outstanding Undergrad" Named

The 1981 Frank Hargear Award was presented to James Lilley, Jr., Beta Zeta '78, at the Province VII Conclave. The Hargear Award is presented by the Fraternity to the undergraduate brother who has best exemplified the ideals and purposes of Alpha Sigma Phi.

Jim Lilley has served his chapter at North Carolina State University as HSP, been Province VII President, assisted in expansion efforts, and is involved in campus activities. The award is endowed through the Memorial Fund by an Alpha Sig alumnus, and includes a handsome plaque and a cash scholarship.

The First Anniversary

Two chapters celebrate their first year in the Mystic Circle this month. Delta Theta at Radford University was Alpha Sigma Phi's first chapter in the state of Virginia, and was chartered on November 8, 1980.

Alpha Sigma Phi's second chapter in Virginia was Delta Iota at Longwood College, chartered on November 15, 1980.

Both chapters are living up to the high standards and ideals of Alpha Sigma Phi. They are both becoming well-established on their respective campuses. Happy Anniversary . . . and may there be many, many more!

Top Honors

For the second consecutive quarter, Phi Beta Colony at Otterbein College achieved the highest GPA of all fraternities on campus. Alpha Sigma Phi is the first national fraternity on this Ohio campus. Congratulations, men!

Backing Up The Brotherhood

Most undergraduates have the chance to meet the brothers who work for Fraternity Headquarters. During their four years of college, they come to know the Chapter Consultants, Directors, Province Chiefs, Grand Councilors and other volunteer alumni.

There are four very important people who are met mostly through the mail or on the telephone. Day in and day out, they process mail, channel problems, monitor programs, attend to special requests, process fees, update addresses, print newsletters and publications, fill merchandise orders, greet visitors, compile alumni news, process chapter reports, maintain financial records and answer the telephone.

Without these special people the Fraternity Headquarters could not function. Chances are that they have spoken with more brothers last month than you will in a lifetime. The Greek alphabet?...their second language. The Fraternity Constitution?...they've read it, typed it, and probably memorized it. The Tomahawk?...they've mailed, filed and bound it.

What are their roster numbers? They don't have any. What chapter are they from? None of them. Brothers? No. Merilyn Sipes, Carol Hallenbeck, Ruth Reed, and Connie Robson are all dedicated Headquarters employees.

A 32-man pledge class: they're ecstatic! Tops in scholarship on your campus: they brag about it! A service project for your community: they beam with pride. No--Merilyn, Carol, Ruth and Connie aren't brothers, but they share our love for the "Old Gal."

"20/20"..... An Eyeful

"20/20"--an ABC news program--aired a segment on fraternity hazing a few weeks ago. The segment showed footage of actual "hazing" practices in progress. Those who viewed the program could see that "hazing" is still a part of some fraternity programs.

A copy of the segment was made available for the Province V Conclave this past weekend at Ohio State. The segment did give an example of a positive fraternity contribution: raising funds for charity. The camera flashed scenes of a campus event designed to raise funds for a very worthy charity. Whose event did they show? Alpha Sigma Phi's, sponsored by Gamma Zeta Chapter at Bowling Green State University.

Policy Distributed

The Fraternity's policy on "Pre-Initiation Activities" was distributed by Certified Mail to all chapter HSP's this past week. Copies of the policy are also being sent to colony presidents, Grand Chapter Advisors, Grand Province Chiefs and university fraternity advisors. The policy, which was adopted as Fraternity law this past August, includes a Statement of Agreement which must be signed by chapter officers and returned to Headquarters no later than November 25.
