### CONGRATULATIONS ARE IN ORDER!

Alpha Sigma Phi Fraternity Headquarters would like to salute and congratulate the following chapters for being the FIRST to submit various reports. Their prompt action makes all of our work much easier. We all know that reports can be a pain, but they are a necessary pain to keep the information flowing....

So, here's to:

LAWRENCE INSTITUTE OF TECHNOLOGY (Gamma Psi), first to return the  
Report of Undergraduate Membership

RADFORD UNIVERSITY (Delta Theta), first to return their National  
Educational Conference Delegate Registration

OHIO NORTHERN UNIVERSITY (Gamma Alpha), first to return the 1983  
Alpha Sig Sweetheart Ballot

WAGNER COLLEGE (Alpha Sigma), UNIVERSITY OF TOLEDO (Beta Rho), and  
BETHANY COLLEGE (Beta Gamma), first to return the Annual  
Chapter Report

INDIANA UNIVERSITY (Gamma Chi), MARIETTA COLLEGE (Delta), and OHIO STATE  
UNIVERSITY (Zeta), and WESTMINSTER COLLEGE (Alpha Nu), first  
to return the Biennial Survey of Ritual Equipment

Though these were the "first to return," our thanks to all chapters who returned the information by the deadlines!

### ALUMNI MEETING THE CHALLENGE

At the 1982 National Convention, undergraduate delegates passed a sizeable fee increase for themselves. This was done in an effort to balance the budget for Alpha Sigma Phi, allowing her to maintain the current level of programs.

At the same time, undergraduates challenged the alumni to increase their giving to the Fraternity. This challenge was issued in *The Tomahawk*, and in various requests for money. The alumni are responding! According to Executive Director Robert M. Sheehan, Jr., alumni donations are well ahead of last year's pace.

Sheehan commented, "Balancing the budget is always a task in these difficult economic times. Everything is much easier when chapters keep current with their financial obligations, and when alumni respond, as they have, to this challenge. If the current trend continues, I am very optimistic about our financial future."

## In The News

### FRATERNITY'S RECOGNITION REVOKED

The University of California at Berkeley last week withdrew its recognition of the campus chapter of Beta Theta Pi Fraternity, some of whose members were involved in a fight in January with four Chicanos who said they had been beaten outside the fraternity house.

The university said recognition had been lifted because of a pattern of misconduct and rules infractions.

### CHARGE OF HAZING BY FRATERNITY

Syracuse University officials last week were investigating a complaint against a fraternity accused of violating state and university anti-hazing laws.

A university spokesman said that until the investigation was completed, he would not discuss a UPI report that five pledges of Delta Kappa Epsilon had been confined in the fraternity house basement and forced to drink stale beer and eat parts of a pig fetus and the head of a turkey.

A complaint against the fraternity was filed by a residence hall advisor who lives on the same floor as one of the five pledges, the UPI report said.

### PLAYBOY PHOTO SESSION OPPOSED

The Chancellor of the University of Maryland at College Park has let it be known that he opposes a visit to the campus by **Playboy Magazine** staff members planning to photograph female students in the nude.

He said he would not allow **Playboy** photographers on the campus if he could help it, but conceded that he was unsure what authority he had to enforce the ban.

The magazine is planning a "Girls of the Atlantic Coast Conference" pictorial feature in its annual September back-to-campus issue.
