ALPHA SIGMA PHI LEAVING STANFORD, EASTERN MICHIGAN

At its January, 1983 meeting, the Grand Council of Alpha Sigma Phi withdrew recognition of Tau Chapter, Stanford University. The chapter had been under suspension since January of 1981 for constitutional and ritual violations. Since that time the Fraternity staff, national officers and alumni have worked with Tau, outlining plans that would allow the chapter to continue. While some progress was made, the undergraduates finally decided they could not adhere to the Constitution of the Fraternity.

Tau Chapter was installed in 1917 by Nu Chapter at the University of California, Berkeley. During its 65 years Tau produced a steady stream of loyal brothers and leaders of the Fraternity, including former Grand Senior President Emmet B. Hayes (Stanford '31), and former Grand Councilor Floyd Mosiman (Stanford '17). These two brothers are also recipients of the Fraternity's Distinguished Service Award. In addition, some 25 Tau brothers were awarded the distinction of Delta Beta Xi. Activities to maintain fraternal ties among the brotherhood will be the new focus of the Tau Corporation, according to chapter alumni.

The Grand Council also voted to begin proceedings for revocation of the charter of Gamma Upsilon, Eastern Michigan University. Frequent efforts by Fraternity volunteers, nearby chapters, and the Headquarters staff to strengthen the Eastern Michigan University chapter were not successful. The chapter had already been on suspension for failure to meet the Fraternity's Minimum Standards of Operation.

Gamma Upsilon became part of Alpha Sigma Phi in the 1965 merger of Alpha Gamma Upsilon National Fraternity. Tracing itself back to 1948, this once strong, dynamic chapter will remain inactive until such time as conditions are conducive to a successful reactivation.

NOW THAT'S SIGNIFICANT!

In a report issued by the National Interfraternity Conference, America's national fraternities and their chapters contributed \$5,970,102.00 to various charities and service organizations in the 1981-82 academic year. In addition, they have given 572,414 man-hours for work and service projects.

This is a fact of which we can all be proud. Many national fraternities have followed Alpha Sigma Phi's SIGNIFICANT contribution in this area and have set minimum requirements for chapter service projects.

TIE ONE ON

A limited number of Alpha Sigma Phi ties are available from the Fraternity Headquarters. Woven in England and manufactured in New York by William Chelsea, Ltd., the ties are dark blue with a full-color coat of arms woven throughout. To order your tie, send \$16.00 to Fraternity Headquarters.

In The News

LET'S BE SERIOUS

A male student won the "Big Man on Campus" contest at Northwestern University for the first time in three years. John Nealon, a member of Psi Upsilon Fraternity, was the winner. Last year's winner, Otis, a fraternity dog, placed third this year, while the 1980 EMCC, Uncle Earl, a dormitory bong, also received votes in this year's race.

FRATERNITY BANNED FROM CAMPUS

Alabama A & M has permanently banned a fraternity from campus whose members allegedly abducted another student and threw him off a cliff. The A & M trustees acted on recommendations from school officials and the student government. A & M officials say members of Omega Psi Phi Fraternity have reportedly been involved in several incidents of disorderly conduct over the past two years. The kidnapping victim suffered a number of broken bones, and will need surgery and extensive therapy to walk again.

The Chapters

LYCOMING COLLEGE, Gamma Rho Chapter

Gamma Rho reports an IFC football championship this fall. In addition, they invited all alumni back for the annual "Pirate Party." Plans are under way for improvements in the chapter lounge. The brothers have decided to work to become more involved in campus and community activities. A chapter retreat is planned and formal rush activities begin this week.

OHIO NORTHERN UNIVERSITY, Gamma Alpha Chapter

Mike Sierra, HAE at Gamma Alpha, sends this quick update on the tab collecting. As you may remember, the chapter saves tabs from aluminum cans and turns them in at a local hospital. For every tab turned in, a patient on the kidney dialysis machine gets one free second. The latest count: 16,112!

SIX ELEMENTS OF MANAGING

Furman University Vice President Moffett Kendrick offers these six elements of managing:

1. **Goal-setting:** Where do we want to go?
2. **Planning:** How shall we go and how long will it take?
3. **Organization:** Who's going with us?
4. **Motivation:** Why are we going?
5. **Control:** Who will drive?
6. **Evaluation:** How will we know when we arrive?

GAMMA CHI CHAPTER, Indiana University: Jeffrey Winter, David Buls, Timothy Calabrese, David Caulfield, Donald Collins II, Scott Eaton, Jeffrey Franklin, Scott Mills, Patrick O'Connor, Andrew Owen, Mark Pollock, Joseph Powers and Kurt Terhar, on December 9, 1982.

This Will Make You Feel Better

If you sometimes
get discouraged,
consider this fellow:
He dropped out
of grade school.
Ran a country store.
Went broke.
Took 15 years
to pay off
his bills.
Took a wife.
Unhappy marriage.
Ran for House.
Lost twice.
Ran for Senate.
Lost twice.
Delivered speech
that became
a classic.
Audience indifferent.
Attacked daily
by the press
and despised
by half the country.
Despite all this,
imagine
how many people
all over the world
have been
inspired
by this awkward,
rumped,
brooding man
who signed his name
simply,
A. Lincoln.
