TO
BETTER
THE
MAN

Alpha Sigma Phi

We the members of Alpha Sigma Phi, Phi Delta Colony at William Paterson College wish to request to be chartered on December 13, 1986 or as soon as possible thereafter. We feel we have completed the minimum requirements and exceeded the same. We the undersigned, hope that the Grand Council of Alpha Sigma Phi will take our request to be chartered as a chapter of the fraternity.

The Grand Council
Alpha Sigma Phi Fraternity
24 West Williams
Delaware, Ohio 43015

Dear Gentlemen:

As president of the Phi Delta Colony, I firmly believe our colony has met and exceeded the minimum standards in order to become a chapter of Alpha Sigma Phi.

The first requirement, membership, in which the minimum standard is 25, we have not only met that number but have exceeded by 13. Our colony currently has a total of 38. Secondly, Alpha Sigma Phi requires us to recruit and pledge 10 new members a year. Since obtaining our colonization on January 17, 1986, we have had two pledge classes. In the spring of '86 our Alpha pledge class contained 9 pledges which are currently active members. This semester, Fall of '86, we now have 13 pledges. I feel that our colony has done a great job in keeping a consistent number of members as well as rushing new prospects.

Our next requirement, service projects, has not only been an asset to the community and college, but to the fraternity as well. Our college project included assisting the alumni to raise money for an educational fund. Our fraternity helped raise money by working with the alumni on the Phonathon. This was a huge success. Our community project was visiting the Preakness Nursing Home. Although we are only required one community service, we enjoyed visiting the Nursing Home so much that we visit the home once every two weeks.

Our third requirement, financial records, has been prosperous for the majority of our existence. Our Treasurer, Bill Borenstein, has kept us well informed on our financial status. As a fraternity we have currently started a sinking fund which all of the brothers are billed

two dollars a man. That account currently has seventy-two dollars in it.

The fourth requirement is to send alumni, other chapters and National Headquarters two newsletters per year. Our Phi Delta Colony Newsletter, the "Pioneer Press", has been distributed twice since our colonization in January 1986. Our Editor, Chris Bulka, is currently working hard to complete a third newsletter.

As President, I emphasize the participation in this fifth requirement, attending the providence conclave. I am proud to state four of our brothers attended the conclave in Washington, D.C. We also sent three representatives to the National Convention in Ann Arbor, Michigan.

Our sixth requirement is currently in the process of establishment. The Prudential Committee and our Scholarship Chairman are setting up scholarship awards as well as a semi-annual academic progress report on each brother. As President I advise all brothers to use the on campus Tutoring Center, here at William Paterson College of New Jersey.

The social aspect of our fraternity continues to grow by the semester. Our social chairman, Stephen Wiatroski, has set many enlightening events which included brother-only-events and mixers. Although social takes "the backseat" most of the time due to our "work before pleasure" motto, I feel our social activities are well planned but not over done.

Our internal activities have included being in good-standing with the Internal Fraternity and Sorority Council, attending bi-weekly meetings as well as other greek functions here at William Paterson College.

Our next requirement, communications with National Headquarters, in my opinion has been successful. We have responded to the special questionnaires. We also submitted Pledge Reports, reports of undergraduate membership, carry over pledge reports, publication materials, and address changes relatively on time.

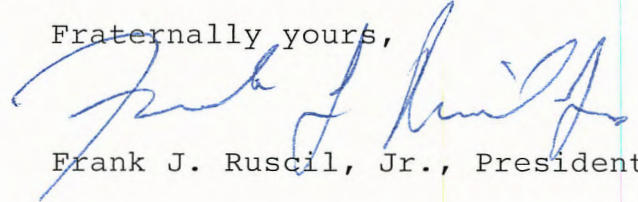

We have also invited Henry Morris, who is in charge of student activities, to our meeting several times. Unfortunately he has not responded. Henry Morris is equivalent to a dean.

Our files include a various amount of objectives and qualities that each new officer can follow without difficulty. These include a job description as well as the various amount of goals set by the officers that currently hold the positions. We feel this is an asset, because it not only helps future officers but it helps the officers that are currently holding the positions.

In conclusion, I feel the Phi Delta Colony is worthy of becoming a chapter of Alpha Sigma Phi Fraternity. We here at William Paterson College

hope that the Grand Council feels the same way in order for us to enter the Mystic Circle. I also would like to take the time on behalf of Colony to thank the Grand Council for its time in considering and evaluating our membership. THANK YOU.

Fraternally yours,

A handwritten signature in blue ink, appearing to read "Frank J. Ruscil, Jr.", written in a cursive style.

Frank J. Ruscil, Jr., President

Phi Delta Colony
VICE-PRESIDENT'S REPORT

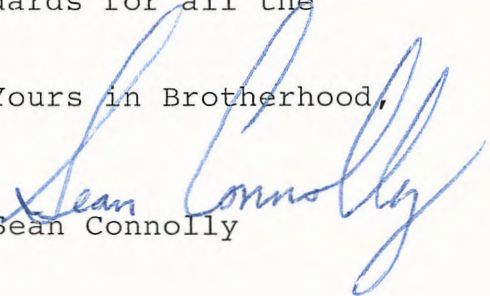

Alpha Sigma Phi

As Vice President, my main concern is to serve as Chairman of the Prudential Committee of the Phi Delta Colony. I feel that this is the most important duty because the Prudential Committee is the Executive Board of the Fraternity. The Prudential Committee is one of the many committees that I supervise, instruct, and evaluate. Also, I work on a one on one basis with each committee chairman to review the goals and responsibilities of their committee.

As Vice President, I must be familiar with the constitution and by-laws and be able to enforce these laws to each member of the Colony.

Finally, I try to set an example of high standards for all the members to follow.

Yours in Brotherhood,

Sean Connolly

Phi Delta Colony
TREASURER'S REPORT

Alpha Sigma Phi

As Treasurer of the Phi Delta Colony, we budgeted our Rush for \$200.00 and had an advertising budget of \$10.00.

Besides collecting dues from every brother, we had a dance and Atlantic City bus trips to subsidize our dues. The profits from these fundraisers helped us achieve our main goal, to become a National Fraternity.

My goal as Treasurer was to open a checking and savings account which was done by Fall of '86. I make sure that the Prudential Committee is informed of our financial status at all times and I keep the books accurate and up to date. At each meeting I review the entire financial status with the entire Fraternity, letting each brother know their status with the Fraternity.

Currently, I act as purchaser for the Chapter as well as paying out all debts for the Fraternity accurately and on time. In the future my goals will be to set up an insurance policy for the Fraternity, get a standardized bill for brothers dues, and to establish a non-profit number from the I.R.S.

Fraternally yours,

Bill Borenstein
Treasurer

Phi Delta Colony
SOCIAL CHAIRMAN'S REPORT

Alpha Sigma Phi

As Social Chairman of Alpha Sigma Phi, I can proudly say that we have very successful as well as well rounded social activities.

We have executed many parties this semester, both alcoholic and non-alcoholic which have proved beneficial to both our brothers and other Greeks on campus. We have gained the reputation of being able to have successful get togethers with controlled alcohol consumption.

Our brothers this semester have participated in barbeques, pig roasts, and mixers with sororities and other frats. Our fund-raisers proved to be very successful, especially our carnation sale and our monthly Atlantic City bus trips.

As Social Chairman, I can honestly state that we have established a socially strong Fraternity. We have a strong budget as well as a group of brothers who are ever so willing to work their hardest to benefit Alpha Sigma Phi. We have many enjoyable moments that have brought us all closer and will continue to in the future.

Fraternally yours,

Stephen Wiatroski
Social Chairman

Phi Delta Colony
INTRAMURAL CHAIRMAN'S REPORT

Alpha Sigma Phi

The Intramural Program at William Paterson College is a very strong one. The Alpha Sigma Phi's have proved very competitive in every sport we have participated in. This fall in football the Alpha's obtained a record of 8-2 and a second place finish. Unfortunately, we were one game away from the state championship again, but we are returning our whole team next season, and should prove to be a force to be reckoned with.

Currently, we are creeping up on the volleyball, hockey, and basketball seasons. As usual, the Alpha's will be participating in all of these and hope to have successful seasons both through good sportsmanship and winning seasons.

Thank you,

Ronald Green
Intramural Chairman
