## Homecoming '82

The autumn leaves, a bright chill in the air, and the crunch of football pads...that's right - it's the Homecoming season again. Over the next six weeks, thousands of Alpha Sig alumni will be returning to their chapters and alma maters.

Are you ready for them? Announcements for special events should already be out, but do you have a supply of nametags? Is the house or the chapter room clean? Clean up the composites, pull out the scrapbooks, and get ready to greet your brothers! Are there any other special arrangements to be made, such as group seating at the football game, a luncheon or reception for alumni, the Homecoming Banquet, or annual alumni awards? Are there any "Founding Fathers" returning? Who has traveled the farthest? Who is the oldest returning alumnus?

Building a strong Homecoming program tradition truly makes Alpha Sigma Phi a lifetime experience.

## Pictures Tell the Story

Speaking of Homecoming, have you started the 1982-83 school year off right by recording all those "memorable" occasions on film? Let's face it - we know all of your photos won't make material for The Tomahawk, but they'll probably mean something to you when you return for Homecoming five, ten or even fifty years from now.

Start building your scrapbook today! It will provide memories and laughs for years.

## Paperwork — ugh!

Any HCS who hasn't paid attention to the calendar or to his mail from Headquarters might be surprised to find out that the "Undergraduate Report of Membership" and the "Carryover Pledge Report" have been past due since October 2nd!

Hurry and check your paperwork; don't get behind this early in the year.

## The "Unrequired Report"

Read about your chapter in the Old Gal Gazette! The HAE's report to the Old Gal Gazette (the "unrequired report") was distributed in the last mail packet. Share your news and accomplishments with all the chapters by returning this report to Headquarters.

The best reports will be printed in upcoming issues. Let's hear it!

## In Search Of...

Every year a few hundred issues of The Tomahawk are returned to Headquarters as "Lost" or "Undeliverable." Brothers who do not remember to notify Headquarters of their address change are added to the list of "Lost Brothers" if the Post Office has no forwarding address. Until they are found, if ever, this means that "Lost Brothers" miss their issues of The Tomahawk, don't get chapter newsletters of Homecoming information, and fall out of touch with the brotherhood.

Now you can help! Director of Publications Evin Varner has a handout entitled "Stalking the Lost Brothers" available through Headquarters that tells you just how to help go about finding these brothers. The most reliable resource is your college alumni office. This could be a great project for an energetic individual or a pledge class - write to Fraternity Headquarters for more information.

## A Gentleman and a Scholar

Delegates to the 1982 National Convention enjoyed the gracious hospitality of the Beta Gamma brothers at Bethany College and of their HSP, Dan DiChristina. Now we discover that Brother DiChristina is much more than just a gracious host. At the end of last semester he was the recipient of two major awards given by Bethany College. Dan won the W. F. Kennedy Prize for being the outstanding man in the junior class, and the Benjamin Chandler Shaw Travel Award. Dan maintains a 3.5 grade point average and majors in Chemistry. He traveled throughout Europe this past summer with funds from the travel award.

The party begins.

*I can drive when I drink.*

2 drinks later.

*I can drive when I drink.*

After 4 drinks.

*I can drive when I drink.*

After 5 drinks.

*I can drive when I drink.*

7 drinks in all.

*I can't even drive.*

The more you drink, the more coordination you lose. That's a fact, plain and simple.

Still, people drink too much and then go out and expect to handle a car.

When you drink too much you can't handle a car.  
You can't even handle a pen.
