### ALPHA SIGMA PHI

A fraternity is not a house or a lodge but rather an experience, a growth, a traveling with friends who soon become brothers upon whom one can with confidence rely, something precious and worthwhile, something to be share with others, something to be preserved for those who will come after us.

I give you, my fraternity, Alpha Sigma Phi.

Dr. Wilbur H. Cramblet,  
Grand Senior President 1936-48

# ATTENTION!

## LAST CALL FOR CONFERENCE COORDINATORS

Applications are now due for Conference Coordinators for the National Leadership Conference & Convention **Commitment to Excellence**. The coordinators get their way paid to the conference and work during the meeting behind the scenes. This opportunity requires responsibility and enthusiasm for the "Old Gal." Send in the application now to become a part of one of Alpha Sigma Phi's best national meetings ever!

Any questions? Call Randall S. Lewis, Director of Chapter Services at (614) 363-1911 for more information.

## QUALITY VERSUS QUANTITY

"Quantity not Quality" (in reference to rush efforts) really translates into an excuse for inadequate rush efforts and/or results.

True "Quality" rush is measured by how many you contact and decide not to bid, rather than how few you pledge. There's an old story about Leo Durocher, a former major league baseball manager, who apparently had offended a sportswriter with a comment that he liked to have big athletes on his club. The sportswriter asked him if he would rather have an average "big" man or a great little man. What do you think he said? His response was, "I'd rather have a great big man!" The point is that "great" and "big" are not mutually exclusive, in fact they correlate rather well. Sure you can take the first 20 that walk through the door and pin them all and have some men you should not have pledged. Clearly, had you screened those 20 and only taken 10 you would have a better class (assuming of course that you bid the "right" 10, which is another story).

But that isn't the point!! You should have gone out and talked to 100 and, instead of taking 1 out of every 2, taken 1 out of every 5. Then you would have both quality and quantity. In fact the quality would be even higher than that in the first case. Now, the next time you hear someone say, "We want quality, not quantity", ask him if he really means it.

## Consultant Information

### David Claussen

March 9-12	Tri-State University
13-16	Ohio Northern University
16-19	Slippery Rock University
20-23	Westminster College
23-26	Pennsylvania State University
27-31	Lock Haven University

### Lyndon Payne

March 13-16	Atlantic Christian College
16-19	East Carolina University
21-22	Headquarters
22-29	S.U.N.Y.- Plattsburgh
29-4/1	Headquarters

## TEN WAYS TO WRECK YOUR CHAPTER!

1. Don't go to the meetings.
2. If you go, be sure and go late.
3. If the weather is bad, then don't even think about going.
4. When you do go out to the meeting, be sure and try to find fault with the president and each of the other officers.
5. Never accept an office, that way you can be sure to be able to criticize those who do hold an office.
6. When you are appointed to a committee, do not go to the meetings.
7. When asked what your opinion is, reply that you have nothing to say. After the meeting, you will be able to tell everyone how things should be.
8. Do nothing more than absolutely is necessary, but when someone else comments about the lion's share that some have done, tell everyone that the organization is run by a clique.
9. Don't worry about paying your dues, wait until you have received two or three late notices.
10. Don't bother about getting any new members, let the other members worry about those problems, too.

## TEN WAYS TO BUILD A GREAT CHAPTER!

1. Go to chapter! It's the best way to keep in touch--you have to be informed to get involved!
2. When you come, please be on time! The time committed to chapter meetings should be time well spent...not wasted.
3. The chapter depends on your dedication, rain or shine!
4. Recognize the fact that the executive officers are human--prone to mistakes as everyone else, and with feelings too! They cannot do their jobs without your support.
5. Take on the responsibility of an office yourself! You'll appreciate the work of others more, not to mention the contribution you'll be making.
6. Support committees! It's the teamwork of many that really builds a great chapter.
7. Offer your opinion--it's important...but also respect other members' rights to their own opinions. Most of all, listen to each other.
8. Give to your chapter as much as you can...you can only get from your chapter as much as you give to it.
9. Pay your bills on time...but also donate your time and energy! It's a good investment!
10. The key to any organization is growth...and since Alpha Sig is the greatest, we have every reason to share it and be proud!!!

## **ALPHA MU CHAPTER, Baldwin Wallace College:**

The brothers of Alpha Mu are proud to report that the Grand Council has approved the return of our charter! This honor comes to the chapter after eight years of rebuilding efforts. The news came to us late in the evening of February 6th. We celebrated that night, but the next day we returned to our work in running our chapter. The news was like a shot in the arm of new enthusiasm. That night, two fine gentlemen signed bids as we rejoiced. They put this year's pledge class up to eleven men, the largest pledge class in several years.

- Kevin Stromsky

### **SUMMER POSITIONS AVAILABLE IN NATIONAL PARKS, FORESTS AND WILDLIFE REFUGES**

The Student Conservation Association is continuing to accept applications from persons interested in 12 week, expense paid, internships in national parks, forests, wildlife refuges and other conservation areas across the United States (including Alaska and Hawaii) this summer and fall.

Selected participants will work independently or assist conservation professionals with wildlife surveys, environmental education, recreation management, forestry, backcountry patrol, natural history interpretation, biological research or archaeology. In return for their efforts, participants develop skills or gain experience that enhances their college education, receive career exploration opportunities and gives them an edge in seeking paid employment in the field of resource management.

While carrying out their assignments, participants will receive a travel grant for transportation to and from the program area, free housing and a stipend to cover basic food and living expenses.

This program is available to non-students and students of any academic background regardless of whether or not they are seeking a conservation career.

A late addition to the Resource Assistant Program is an exchange with several Bavarian State Forests in the Federal Republic of Germany this summer. Five positions are available between early June and September. Free housing, a living stipend and local transportation will be provided. Participants will be responsible for their own round trip transportation to Germany.

Because the selection process for summer positions begins in March, interested persons should call or write the Student Conservation Association as soon as possible for fall positions as long as they are available. The selection process for fall positions does not begin until June 1, 1988. Interested students may request an application and listing of positions by contacting the Student Conservation Association, PO Box 550C, Charlestown, NH 03603, (603) 826-5741/5206.

### COLLEGE SPRING-BREAKERS ENJOY BIG SAVINGS DURING DISNEY BREAK '88

College students spending spring break in Florida will find circus thrills, spectacular parades and shows and big savings at Walt Disney World during Disney Break '88. Throughout March students can break away from the beach routine and take advantage of one-day and two-day passes making Disney Break the best "break" from the mid-term blues.

March 1-31, one-day admission at either the Magic Kingdom or Epcot Center is \$19.50--a savings of \$8.50. A special two-day admission of \$30.00 allows one day at each park--a savings of \$26.00.

Spring-breakers will find there's more to enjoy at the Vacation Kingdom during Spring Break '88, including all-new shows and parades. Tickets may be purchased at Walt Disney World ticket locations. Valid college identification must be presented. For more information contact Walt Disney World Special Markets, PO Box 10,000, Lake Buena Vista, Fla. 32830-1000, or call (305) 828-1319.
