Dear Mr. Boundy:

I am most pleased to hear that Alpha Sigma Phi Fraternity is interested in reactivating chapters. We are indeed open to the idea of colonization. While some fraternities have decided not to colonize at Duquesne, others are progressing satisfactorily. Our colony of Sigma Tau Gamma will shortly be submitting wheir petition for charter and the Belta Chi Fraternity will begin colonization efforts in the fall.

Perhaps you should arrange to visit with us sometime in the near future, that we may explore the potential dor a chapter of Alpha Sigma Phi.

I look forward to hearing form you at your convenience.

Sincerely yours

George J. Pressinger
